GOVERNMENT OF UTTAR PRADESH

IRRIGATION DEPARTMENT

Dated Lucknow, December 1, 1954

RESOLUTION

The Administration Report for the year ending March 31, 1953,

With the attainment of independence, the activities of the Irrigation Department have expanded considerably during the last eight years and a large number of projects—both major and minor—have been taken up.

In consequence of the development of resources through the construction of new canals, tube-wells and reservoirs, bunds, etc., all over the State, substantial progress was achieved in "Irrigation". The irrigable area of the State increased to 82:85 lakh acres by the end of the year 1952-53 as compared to 80:85 lakh and 67:80 lakh acres in the years 1951-52 and 1945-46, respectively. During the year under report, a record area of 7,270,215 acres was irrigated against the record of 7,105,682 acres of the preceding year. The total value of crops raised with the aid of State-owned Irrigation Works during the year was estimated at Rs.223.46 crores approximately as compared to Rs.218.40 crores in the preceding year. The total length of channels in operation at the end of the year was 30,114 miles including 20,151 miles of irrigation channels as compared to 29,015 and 19,525 miles respectively at the end of the previous year. The total number of tube-wells in operation was 2,554 against 2,393 tube-wells at the end of the previous year.

The following is a brief account of the activities in regard to "Productive" and "Unproductive" works completed or in progress during the year 1952-53. Among the "Productive" works, the work of increasing the capacity of the Upper Ganga Canal from 8,000 to 10,500 cusecs in order to utilize additional supplies in the Ganga river at Hardwar was commenced during the year. This would enable an additional area of one lakh acres to be irrigated in the khairf field every year. A number of extensions and improvements of the channels were carried out on the Western Canals. Construction of tube-wells and
extension of lined channels of the existing tube-wells was also continued satisfactorily. The work on the multi-purpose Rihand Dam and Power Station Project for generating 2,10,000 k.w. electrical energy was continued vigorously since its resumption in October, 1951.

Under “Unproductive” works, several schemes—new and existing—were executed. Their particulars are mentioned below:

**Western Region**—Construction of tube-wells against the sanctioned projects of 200, 50 and 440 tube-wells was continued. Surveys were carried out for siting 340 tube-wells in Aligarh, Farrukhabad, Kanpur and Etah districts as approved by the Government of India under the Indo-U.S. Technical Co-operation Programme. Another 14 tube-wells in Bijapur district were taken up. By the end of the year 2,980 tube-wells were put into commission in Saharanpur, Muzaffarnagar, Meerut, Bulpur, Etah, Jajuar, Moradabad, Bijnor and Bareilly districts.

**Central Region**—The extension of irrigation facilities was being provided by constructing 4,000 miles of new channels on the Sarda Canal and construction of the Pratappur and Daryabhad Branches. Of these, 1,651 miles were put into commission. Work on the Jaunpur Branch was in progress as also on increasing the capacity of Sarda Canal by 2,000 cubic.

The construction of 250 tube-wells by Messrs. Associated Tube-wells Limited continued and 50 wells were put in operation by the end of March, 1953.

**Hill Region**—The Kumaon Irrigation Project comprising 260 miles of channels in the hill districts and intended to irrigate 20,000 acres annually was started in 1949. Investigation of a number of minor irrigation schemes in Almora, Naini Tal, Garhwal and Tehri-Garhwal districts continued during the year. At the end of March, 1953, 112 miles length of channels had been completed and opened for irrigation.

**Bundelkhand and Baghelkhand Region**—Six new irrigation schemes, viz. Latippur Dam, Sagar Dam, Abrau Lake, Nagwa Dam, Kangawan Dam and Bein and Tons Canal, in addition to several other schemes and minor schemes were taken up. Work on Nagwa, Latippur and Sagar Dams and Abrau Lake was completed and these were opened for irrigation in November, etc., under the Bein and Tons Canal Project, Baraunin Pukka, which came into operation in July, 1952, and 46 miles length of channels opened for irrigation.

Work on four new major projects, viz. Chandraprabha Dam, Almora Dam, Jatarni Dam and Arjun Dam, which had commenced towards the close of the previous year, was pressed on with good progress. The construction of Sarajgal Dam and the extension of Gomani and Garai Canal systems also continued.

Apart from these works, construction of minor irrigation schemes comprising Mahagawan, Baghelkhand and Barwastola Bunds, Fai and Barbati Panes, Mega Distributary and Nangarh Dam—Chandauli Canal was in progress.

**Eastern Region**—The State Five-Year Plan provides for the construction of 1,000 tube-wells in the eastern districts, out of which the Government of India approved the construction of 685 tube-wells in Gorakhpur, Deoria, Basti, Faizabad, Azamgarh and Sultanpur districts under the Indo-U.S. Technical Co-operation Programme. Materials for their construction were collected. The remaining 1,000 tube-wells were proposed to be constructed from the State finances if more outside aid was not obtainable. Of these, construction of 200 tube-wells in Azamgarh, Ballia, Ghazipur, Jaunpur and Banaras districts was started. Good progress was made on the 90 tube-wells in Faizabad and Gonda districts by Messrs. Associated Tube-wells Limited against the 440 Tube-wells Project. The progress on 60 departmental tube-wells in Faiabad district was satisfactory.

Detailed surveys continued briskly for the siting of the proposed tube-wells as also for irrigation schemes. One such was the Bungana Canal proposed to irrigate 22,000 acres in Basti district.

Works financed from revenue were also executed in the eastern districts. Construction of 100 tube-wells in Gorakhpur, Deoria and Basti districts was completed and the tube-wells put into commission.
The progress on the Hydro-electric Works under construction continued to be maintained. The construction of Sarda Hydro-electric Scheme, designed to generate 31,400 k.w. electrical energy, was speeded up so as to be completed by the end of 1954, as scheduled. The work on the Pathri Power House, designed to generate approximately 20,400 k.w. energy, also continued in progress. The power house is expected to be put into commission by the end of 1954.

Investigations and surveys were pursued during the year under report in connection with the following schemes:

(i) Malani Reservoirs in the upper reaches of the Sarda Canal,
(ii) Kandk Canal in Garaupur and Deoria districts,
(iii) Extension of Ghaghra Canal to provide irrigation facilities in Faizabad District,
(iv) Sarda Canal in Bahraich District,
(v) Nabana Pumped Canal in Azamgarh District,
(vi) Bosu-Gangi Irrigation Scheme in Azamgarh District,
(vi) Deoritai Pumped Canal in Azamgarh District,
(viii) Pumping Schemes from Tanks in Azamgarh District,
(ix) Kuano Pumped Canal in Basti District,
(x) Bharat and other Banks in Agra District, and
(xi) Minor Irrigation and Hydel Schemes in Kurkurm.

The capital outlay during the year was Rs.5,54,54,065 including Rs.4,91,924 of indirect charges, and thereby the total outlay at the end of the year 1952-53, to Rs.5,45,45,45,926. The financial results of the working of all the Irrigation Works are compared below with those of the previous year:

There was a fall in gross revenue on account of decrease in the sugarcane area on which irrigation rates are comparatively higher than those on other crops. A net gain of Rs.1,17,62,808 was obtained during the year as compared to Rs.1,17,62,808 of the previous year.

The Irrigation Research Institute dealt with a number of important investigations in connection with the projects under construction, such as Pathri Power House, Sarda Power House, designs of earth dams and embankments, designs of Raungavan, Chandraprabha, Ahura, Arjun, Sere, Naugor and Matatila Dams and problems relating to the training of Ganga and Sarda rivers, besides other tests and experiments.

The Irrigation Department continued to be administered by the following Chief Engineers during the year 1952-53:

(1) Sri Moti Ram, I.S.E., till August 15, 1952, Chief Engineer.
(2) Sri A. C. Mitra, I.S.E., afterwards. Ditto.
(3) Sri B. P. Saxena, I.S.E., Chief Engineer (Additional).

(4) Sri D. P. Rohatgi, I.S.E., Ditto.

The following casualties occurred in the engineering establishment of the Irrigation Department:

(1) Sri Moti Ram, I.S.E., Chief Engineer, retired on May 16, 1952, forenoon, but was re-employed up to August 15, 1952.
(2) Sri Chandra Lal, Superintending Engineer, retired on July 10, 1952.
(3) Sri S. S. Chandrak, Executive Engineer, retired on November 5, 1952.

The Food Production Organisation, created in 1949, by the Government for the construction of some irrigation works in the Bundelkhand and for the
extension of lined channels of the existing tube-wells was also continued satisfactorily. The work on the multi-purpose Bilaspur Dam and Power Station Project for generating 2,40,000 k.w. electrical energy was continued vigorously since its resumption in October, 1951.

Under "Unproductive" works, several schemes—new and existing—were executed. Their particulars are mentioned below:

**Western Region**—Construction of tube-wells against the sanctioned projects of 200, 50 and 440 tube-wells was continued. Surveys were carried out for siting 340 tube-wells in Hardwar, Farrukhabad, Kanpur and Etah districts as approved by the Government of India under the Indo-U. S. Technical Cooperation Programme. Another 14 tube-wells in Bijnor district were taken up. By the end of the year 2,380 tube-wells were put into commission in Saharanpur, Muzaffarnagar, Meerut, Bulandshahr, Etah, Bijnor, Moradabad, Badaun and Bareilly districts.

**Central Region**—The extension of irrigation facilities was being provided by constructing 2,000 miles of new channels on the Sarda Canal and construction of the Pratapgarh and Daryabad Branches. Of these, 1,661 miles were put into commission. Work on the Jais-Jaunpur Branch was in progress as also on increasing the capacity of Sarda Canal by 2,000 cusecs.

The construction of 250 tube-wells by Messrs. Associated Tube-wells Limited continued and 80 wells were put in operation by the end of March, 1953.

**Hill Region**—The Kumaun Irrigation Project comprising 250 miles of channels in the hill districts and intended to irrigate 20,000 acres annually was started in 1949. Investigation of a number of minor irrigation schemes in Almora, Naini Tal, Garhwal and Tehri-Garhwal districts continued during the year. At the end of March, 1953, 112 miles length of channels had been completed and opened for irrigation.

**Bundelkhand and Baghelkhand Region**—Six new irrigation schemes, viz. Lalitpur Dam, Sagar Dam, Kabrai Lake, Naga Dam, Bangwan Dam and Bhaun and Tons Canal, in addition to several other minor schemes and minor schemes were taken up. Work on Naga, Lalitpur and Sagar Dams and Kabrai Lake was completed and these were opened for irrigation in November, 1952. Under the Bhaun and Tons Canal Project, Barahole Branch came into operation in July, 1952, and 40 miles length of channels opened for irrigation.

Work on four new major projects, viz. Chandraprabha Dam, Akhaura Dam, Matatila Dam and Ardhu Dalsi, which had commenced towards the close of the preceding year, was progressed with 3,000 cusecs. The construction of Siuhing District and the extension of Chagra and Ghorai Canal systems also continued.

Apart from these works, construction of minor irrigation schemes comprising Majhawan, Baghelkhand and Baranwali Bunds, Pali and Nahirat Tanks, Moja District and Nagaon Dam—Chandauli Canal was in progress.

**Eastern Region**—The State Five-Year Plan provides for the construction of 1,000 tube-wells in the eastern districts, one of which the Government of India approved the construction of 655 tube-wells in Gorakhpur, Deoria, Basti, Faizabad, Azamgarh and Sultanpur districts under the Indo-U. S. Technical Co-operation Programme.

Materials for their construction were collected. The remaining 1,045 tube-wells were proposed to be constructed from the State finances if more outside aid was not obtainable. Of these, construction of 240 tube-wells in Azamgarh, Ballia, Ghazipur, Jajmupur and Bamraul districts was started. Good progress was made on the 80 tube-wells in Faizabad and Gonda districts by Messrs. Associated Tube-wells Limited against the 440 Tube-wells Project. The progress on 60 departmental tube-wells in Faizabad district was satisfactory.

Detailed surveys continued briskly for the siting of the proposed tube-wells as also for irrigation schemes. One such was the Banganga Canal proposed to irrigate 22,000 acres in Basti district.

Works financed from revenue were also executed in the eastern districts. Construction of 100 tube-wells in Gorakhpur, Deoria and Basti districts was completed and the tube-wells put into commission.
The progress on the Hydro-electric Works under construction continued to be maintained. The construction of Sarda Hydro-electric Scheme, designed to generate 43,600 k.w. electrical energy, was speeded up so as to be completed by the end of 1954, as scheduled. The work on the Pathri Power House, designed to generate approximately 20,800 k.w. energy, also remained in progress. The power house is expected to be put into commission by the end of 1954.

Investigations and surveys were pursued during the year under report in connection with the following schemes:

(i) Mula Sural Reservoirs in the upper reaches of the Sarda Canal,
(ii) Gandak Canal in Gorakhpur and Deoria districts,
(iii) Extension of Ghagra Canal to provide irrigation facilities in Falahabad District,
(iv) Sarju Canal in Bahraich District,
(v) Salona Pumped Canal in Azamgarh District,
(vi) Besan-Gangi Irrigation Scheme in Azamgarh District,
(vii) Dobhiat Pumped Canal in Azamgarh District,
(viii) Pumping Schemes from Tanks in Azamgarh District,
(ix) Kawan Pumped Canal in Basti District,
(x) Bahad and other Bunds in Agra District, and
(xi) Minor Irrigation and Hydel Schemes in Kunawar.

The capital outlay during the year was Rs.5,54,54,855 including Rs.4,91,924 of indirect charges, and thereby the total outlay at the end of the year 1952-53, to Rs.45,43,56,826. The financial results of the working of all the Irrigation Works are compared below with those of the previous year:

There was a fall in gross revenue on account of decrease in the sugarcane area on which irrigation rates are comparatively higher than those on other crops. A net gain of Rs.1,17,62,808 was obtained during the year as compared to Rs.1,40,57,577 of the previous year.

The Irrigation Research Institute dealt with a number of important investigations in connection with the projects under construction, such as Pathri Power House, Sarda Power House, designs of earth dams and embankments, designs of Rangawan, Chaudraprabha, Ahaura, Arjun, Siisi, Naugarh and Matakiya Dams and problems relating to the training of Ganga and Sarda rivers, besides other tests and experiments.

The Irrigation Department continued to be administered by the following Chief Engineers during the year 1952-53:

(1) Sri Moti Ram, I.S.E., till August 15, 1952, Chief Engineer.

(2) Sri Chandra Lal, Superintending Engineer, retired on July 10, 1952.
(3) Sri S. S. Chaudhari, Executive Engineer, retired on November 5, 1952.

The Food Production Organisation created in 1949, by the Government for the construction of some irrigation works in the Bundelkhand and for the
extension of some channels of the Sarda Canal System was abolished with effect from June 30, 1952, and all the works and charges of that organisation were brought under the administrative control of this department after that date. The Agriculture Engineering Department was also amalgamated with this department during the year. A huge construction and maintenance work was thus added to the Irrigation Department.

Acknowledgments—Sri Moti Ram, I.S.E., held the post of Chief Engineer till August 15, 1952, and was succeeded by Sri A. C. Mitra, I.S.E., who till then was Additional Chief Engineer. Sri B. P. Samanta, I.S.E., and Sri D. P. Rohatgi, I.S.E., held the posts of Additional Chief Engineers throughout the year. The Governor wishes to place on record his appreciation of the valuable service rendered to the Irrigation Department of the State by the above officers in the implementation of the Irrigation Programmes. The Department has put in another year of commendable service to the people of the State and has been responsible for the very considerable increase in agricultural productivity, a matter of vital national importance. In spite of paucity of senior and experienced officers and various difficulties relating to materials and transport, the Department maintained its high reputation for efficiency and expedition.

"Sri Rajyapal considers that the year has been marked by achievements of great magnitude under difficult conditions and desires to convey his thanks to all officers and the staff of the Department for their contribution to the nation-building activities."

ORDER

Ordered that the above resolution be submitted to the Government of India and that it be published in the Uttar Pradesh Gazette.

ORDERED also that it be circulated to other Governments and Departments, as usual.

A. N. CHOPRA,
Director of Medical and Health Services,
Uttar Pradesh.

LUCKNOW:
During the month under report, there was no rain in any district of the State except for sporadic showers in a few districts during the first week. The weather remained cool, clear and dry with ample sunshine. The total rainfall for the month was in defect of the normal in almost all the districts of the State. Winter rains were needed in the majority of the districts for the germination and growth of rabi crops.

II—Agricultural Operations

Sowing of rabi crops was practically over throughout the State. Harvesting and crushing of the sugarcane crop, mostly ratoon, for the manufacture of sugar in the factory areas and gur and jaggery making in the non factory areas were in progress in many districts. Preparation of land for the next sugarcane and saied crops was going on in some districts. Harvesting and threshing of late kharif crops were in progress in almost all the districts. Picking of cotton was being done in the cotton growing districts. The standing sugarcane and rabi crops were irrigated in a number of districts.

III—Standing crops

IV—Prospects of Harvest

Except in the drought affected areas, the germination of the newly planted rabi crops, and the condition and prospects of outturn of sugarcane and the late kharif crops were quite satisfactory. Late paddy, however, sustained extensive damage owing to scanty rains in certain parts of the Banaras, Jaunpur, Deoria, Azamgarh, Gorakhpur, Mirzapur and Ghazipur Districts.

In the annexed statement are shown the districtwise estimates of area under the various kharif crops for the current year, as reported by the District Officers.

V—Damage to crops

Besides the damage caused by drought to the newly planted rabi crops and the standing sugarcane and the late kharif crops, particularly late paddy, described in the preceding section, reports of damage to the standing crops except in the Kanpur and Jalaun Districts where the total area affected in consequence was about 700 acres. Stray attacks by insect pests and field rats on the standing crops were reported from several districts. Control measures against these pests and field rats were undertaken by the Plant Protection Service, Uttar Pradesh.

VI—Agricultural stock

The condition of the live stock was on the whole satisfactory, although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would be seen from this table that as compared with the previous month, there was a decrease of 77.4 and 84.4 per cent. respectively in the total number of seizures and deaths, resulting in a decline in mortality from 28 to 19. As regards Anthrax, there were 11 cases of both seizures and deaths as compared to 236 each in the preceding month, in consequence of which the mortality remained stationary at 100. In the case of Haemorrhagic Septicaemia, the number of seizures and deaths recorded decreases of 89.6 and 88.4 per cent. respectively and mortality registered a rise from 86 to 95. There were also decreases of 54.4 and 46.9 per cent respectively in the number of seizures and deaths from Black Quarter, but mortality rose from 86 to 100. As for Rinderpest, both the number of seizures and deaths decreased by 85.5 and 89.2 per cent. respectively, mortality declining from 66 to 49. As for Foot and Mouth disease, the number of seizures registered a fall of 73.3 per cent. but there were no cases of death as against 42 in the previous month, as a result of which mortality fell from 2 to zero. As regards other diseases, there was a decrease of 31.4 per cent. in the number of seizures but an increase of 45.5 per cent. in the number of deaths, which led to sharp rise in mortality from 30 to 89.

| Table: Number of seizures, deaths and mortality from infectious cattle diseases during the months of October and November, 1954. |
|---|---|---|---|---|
| Diseases | Seizures | Deaths | Mortality |
| Anthrax | 2 | 11 | 2 | 11 | 100 | 100 |
| Haemorrhagic Septicaemia | 472 | 44 | 392 | 42 | 86 | 85 |
| Black Q | 57 | 26 | 40 | 26 | 80 | 80 |
| Rinderpest | 717 | 104 | 472 | 31 | 66 | 49 |
| Foot and Mouth | 2,143 | 208 | 42 | | |
| Other Diseases | 37 | 18 | 11 | 16 | 50 | 50 |
| Total | 3,758 | 762 | 938 | 148 | 28 | 19 |

VII—Pasturage and fodder

Pasturage and fodder were reported to be generally adequate in almost all the districts of the State, except a few from where scarcity of pasturage was reported.

VIII—Health and labour in rural areas

The health of labouring population engaged in agriculture in rural areas was reported to be generally satisfactory.

Rainfall during the month was normal in plains. Fairly widespread from 1st to 3rd. Floods occur in certain districts where there was heavy rainfall. From 4th to 6th, maximum rain was reported in Azamgarh, Allahabad, Fatehpur and Hardoi districts. Under the influence of the monsoon, the spread of rain up to the mid-northern parts was isolated.
MONTHLY WEATHER REPORT OF UTTAR PRADESH FOR AUGUST, 1954

Rainfall during the month over the State was normal in plains and 42 per cent in excess over the hills.

Fairly widespread and locally heavy rain occurred from 1st to 3rd in Azamgarh, Bahraich, Gonda and Fatehpur each recording about 4 inches of rain on the 1st. Floods occurred in the eastern districts of Uttar Pradesh.

From 4th to 9th, the monsoon weakened over the eastern parts but continued to be active in the western districts where it gave local rain.

Under the influence of a low (which persisted over the States up to the 13th), the monsoon again strengthened from the 10th and gave local to fairly widespread rain up to the 20th. Thereafter, it weakened and only isolated falls occurred till the end of the month.

Chief amounts of rainfall recorded during the month are:

- Azamgarh: 3.14, 3.69 and 3.46 inches on 1st, 16th and 15th respectively.
- Allahabad: 3.51 and 3.43 inches on 11th and 1st respectively.
- Fatehpur: 4.95 inches on 1st.
- Banda: 3.28 and 3.36 inches on 13th and 2nd respectively.
- Cruel: 3.35 on 12th and 13th.
- Husseinpur: 2.44 and 3.95 on 2nd and 10th respectively.

The seasonal rainfall as reckoned from 1st June to 31st August, 1954 was in slight excess in Lucknow and Kumaun (with Dehra Dun) divisions, in slight defect in Agra Division, normal in Rohilkhand, Allahabad, Jhansi and Faizabad divisions, in slight excess in Lucknow and Gorakhpur divisions and in moderate excess in Kumaun (with Dehra Dun) Division.

The mean monthly maximum and minimum temperatures, humidity and cloud amounts were normal during the month.

LUCKNOW:
February 17, 1955.

Monthly Agricultural Report of Uttar Pradesh for the month of December, 1954

I—Season

During the month under report, there was practically no rain throughout the State except for light and sporadic showers in a few districts during the third and fourth weeks. The total rainfall for the month was in deficit of the normal in all the districts of the State. The season continued to be dry and cold with ample sunshine. Rains were badly needed everywhere for the germination and growth of the rabi crops.

II—Agricultural operations

Harvesting of kharif crops was over. Threshing of late paddy still continued at places. Harvesting of sugarcane and its crushing for sugar in the factory areas and for gur and nab-making in the non-factory areas was in progress. Irrigation of rabi crops was resorted to throughout the State, wherever irrigation facilities were available. Preparation of land for the next sugarcane and zaid crops was going on in some districts. Picking of cotton and digging of potatoes continued.

III—Standing crops

IV—Prospects of harvest

The condition of the standing rabi crops and their prospects of outturn were reported to be generally satisfactory so far but rains were badly needed for both irrigated as well as unirrigated areas. Dry weather, if it continues, will adversely affect the rabi crops particularly in the unirrigated areas. In accordance with the reports received so far from the District Officers, the average area condition of the sugarcane crop for the State is estimated at 16 annas (16 annas denoting the normal crop), or 87.5 per cent. of the normal.

V—Damage to crops

Damage to the standing crops by frost was reported from some districts. The germination and growth of rabi crops was adversely affected in the Mirzapur, Jampur and Tehri-Garhwal districts owing to lack of moisture in the soil. According to the reports received from the Entomologist to Government, U. P., a fresh locust swarm visited the Aligarh, Mathura and Etah districts but no material damage was caused to the standing crops. Stray attacks by insect pests and field rats on the standing crops were reported from several districts. Control measures against these pests and field rats were undertaken by the Plant Protection Service, U. P.

VI—Agricultural stock

The condition of the live-stock was generally satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases, during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, U. P. It would be seen from this table that the total number of seizures and deaths were respectively about 3.5 and 2.5 times those in the previous month, resulting in a decline in mortality from 19 to 13. As regards Anthrax, there were 15 cases of both seizures and deaths as compared to 11 of each in the previous month, as a result of which mortality remained stationary at 100. In the case of haemorrhagic septicaemia, the number of seizures and deaths increased to about 2.9 and 3.1 times respectively of those in the preceding month, but the mortality declined from 95 to 85. There were 12 cases of both seizures and deaths from black-quarter as compared to 20 of each in the previous month, as a result of which mortality remained stationary at 100. As for rinderpest, 95 per cent. of the number of seizures and deaths increased respectively to about 3.9 and 3.1 times those in the preceding month, and mortality rose
from 40 to 12. As regards food-and-mouth disease, the number of seizures increased to about 30 cases in the preceding month, whereas there was only one case of death as against none in the preceding month. As regards other diseases, the number of seizures and deaths increased to about 5 and 31 respectively in each of the preceding months, resulting in a sharp fall in mortality from 89 to 48.

Monthly agricultural report of Uttar Pradesh for the Month of January, 1955

I—Season

During the first week of the month under report, there was practically no rain throughout the State. During the second week, there were light and sporadic showers in about half of the districts of the State and no rain in the rest. During the third and fourth weeks, there were light showers to heavy rain in all almost all the districts of the State, rainfall during the fourth week being generally heavier than during the third week. The rains were accompanied by hailstorm in certain parts of the Farrukhabad, Etawah, Mainpuri, Gonda, Basti, Bahraich Faizabad and Moradabad districts. The total rainfall for the month was in moderate to large excess of the normal in most districts of the State.

II—Agricultural Operations

Preparation of land for the next sugarcane and rabi crops continued in a large number of districts. Sowing of the next sugarcane and rabi crops was in progress in some districts. Harvesting and crushing of sugarcane for the manufacture of sugar, gur and rab continued in almost all the districts of the State. Digging of potatoes continued and harvesting of peas and mustard had commenced in a few eastern districts. Irrigation of the standing rabi crops was resorted to during the first fortnight of the month but was generally subsequently suspended owing to rains.

III—Standing crops

and

IV—Prospects of Harvest

The winter rains proved highly beneficial to the standing rabi crops and their prospects of outturn continued to be generally satisfactory. However, the future prospects of outturn of rabi crops are largely dependent on the character of season in the immediate future.

V—Damage to crops

Some localised damage to the standing rabi crops by hailstorm was reported from the Farrukhabad, Etawah, and Gonda districts. Slight damage to the arhar and peas crops by forest was also reported from several districts. According to the reports received from the Entomologists to Government, Uttar Pradesh, a fresh locust swarm visited the Aligarh, Mathura and Etah districts but no material damage was caused to the standing crops. Stray attacks by insect pests and field rats on the standing crops were reported from several districts. Control measures against these pests and field rats were undertaken by the Plant Protection Service, Uttar Pradesh.

VI—Agricultural stock

The condition of the live stock was on the whole satisfactory. Although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this month and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director, Animal Husbandry and Elektics, Uttar Pradesh. It would be seen from this that, as compared with the previous month, there were increased of 129.9 per cent and 95.9 per cent in the total number of seizures and deaths respectively but the mortality decreased from 13 to 11. As regards Anthrax, there was not a single case of seizure or death during this month as compared to 15 of each in the previous month.

In the case of Haemorrhagic Septicemia, both the number of seizures and deaths rose to about 1.8 times those in the preceding month, resulting in a slight rise in mortality from 88 to 90. There were 14 cases of both seizures and deaths from Black Quarter as compared to 12 of each in the previous month, as a result of which mortality remained stationary at 100. As regards Rinderpest, both the number of numbers and deaths increased respectively to about 1.8 and 2.8 times those in the previous month, and mortality rose from 62 to 81. As regards Foot and Mouth disease, the number of seizures increased to about 2.4 times that in the preceding month, but there were 22 cases of deaths as compared to one in the previous month, in consequence of which mortality rose from 0.05 to 0.48. As regards other diseases, both the number of seizures and deaths increased respectively to about 1.8 and 2.8 times those in the previous month, but there were 22 cases of deaths as compared to one in the previous month, in consequence of which mortality rose from 0.05 to 0.48.

VI.1—Number of seizures, deaths and mortality from Infectious Cattle Diseases, during the months of December, 1954 and January 1955.

Members.

Dr. R. N. Shukla, M.B., B.S.

As she was not present and to give her one more chance the Council decided to postpone the consideration of her case and directed that she must appear in person at the next meeting of the Council. The Council also directed that Srimati Lily Jaffery (nee Robin) may be informed that in case she will not appear in person at the next meeting decision as necessary will be taken about her case.

2. With reference to resolution no. 3, dated November 20, 1954, the case against Srimati Nanhi Wellington (nee Singh) was laid before the Council. Srimati Lily Jaffery who had been called was not present.

The Council wanted to examine Srimati Lily Jaffery.

3. With reference to resolution no. 12 (1), dated November 20, 1954, the case against Srimati Nanhi Wellington (nee Singh) was considered.

Srimati Nanhi Wellington was present. The Registrar read the notice of inquiry and briefly narrated the facts of the case.
The Council heard her statement and interrogated her. The Council then deliberated in private and unanimously decided that—

(i) she should be refused registration as a midwife;

(ii) her name should be removed from the Nurses Register of the Council;

(iii) the Director of Medical and Health Services, U. P., should be informed of the decision.

(iv) the Police should be informed about this and requested to do the needful in the matter.

The whole case should be explained.

3. With reference to resolution no. 12(2), dated November 20, 1954, the case against Sri Samuel Das was considered.

Sri Samuel Das was present.

The Registrar read the notice of inquiry and briefly narrated the facts of the case.

The Council heard the statement of Sri Samuel Das and interrogated him. Sri Samuel Das admitted having interposed objections to the subject in view and suggested that this opinion might be passed within a very short period to move the subject in question.

The Council then deliberated in private and unanimously decided that this opinion might be passed within a very short period to move the subject in question.

4. With reference to resolution no. 12(3), dated November 20, 1954, the case against Kumari (now Srimati) Sonika Singh was considered.

Srimati Sonika Singh was present.

The Registrar read the notice of inquiry and briefly narrated the facts of the case.

The Council heard the statement of Srimati Sonika Singh and interrogated her. During her interrogation she admitted that interpolations in the date of birth in her Auxiliary Midwifery and Midwife Transfer Certificate awarded to her by Parker High School, Moradabad, should be refused.

The whole case should be explained.

5. With reference to resolution no. 2, dated November 20, 1954, the case against Kumari (now Srimati) Sonika Singh was considered.

Srimati Sonika Singh was present.

The Registrar read the notice of inquiry and briefly narrated the facts of the case.

The Council heard the statement of Srimati Sonika Singh and interrogated her. During her interrogation she admitted that interpolations in her date of birth in her A. V. M. Examination Certificate were made by her mother in her presence.

The Council then deliberated in private and unanimously decided that her registration as a Nurse should be refused.

Decision—The Council is of the opinion that at present it is not possible for us to integrate, but we will keep this in mind and give effect to it as soon as we possibly can.

Decision—In the opinion of the Council the duration of the course of three months in a subject is a very short period to give training in a special subject and suggest that this opinion may be communicated to the Indian Nursing Council.

9. Considered—Indian Nursing Council’s letter no. 63/54-INC, dated February 16, 1955, re: the question of integrating Public Health Nursing into the basic course of Nursing and Midwifery.

Decision—The Council is of the opinion that in the present state of affairs of Medical and Public Health Relief, the training in nursing and midwifery should be continued as at present. The question of integrating Public Health Nursing into the basic course of nursing and midwifery will be considered in due course.

10. (i) Read and recorded—Indian Nursing Council’s letter no. 33/53-INC, dated February 16, 1955, re a list of approved text-books for nursing and midwifery.

(ii) The Council appointed the following Sub-Committee to go through the book for nursing and midwifery and prepare for the next session of the Council a list of approved text-books for nursing and midwifery:

- Dr. G. B. Kabraji
- Srimati Prakashwati Sood, M. L. A.
- Kumari L. Williams
- Srimati S. Prakash
- Kumari G. P. Kapadia
- Srimati D. S. Briscoe
- Kumari N. R. Chandy
- Kumari Dayawanti Dhulia

11. Considered—Indian Nursing Council’s letter no. 32/54-INC, dated February 24, 1955, re: the question of lowering the minimum age for admission to the various training courses General Nursing and Midwifery.

Decision—The Council accepted the recommendation of the Indian Nursing Council that the minimum age for admission to the Course in General Nursing and Midwifery should be 17 years.

12. Considered—Indian Nursing Council’s letter no. 31/54-INC, dated February 24, 1955, on three resolutions (Appendix A) passed by the Indian Nursing Council at their last meeting.

Decision—The Council agreed with the three resolutions passed by the Indian Nursing Council except that in the third resolution the Council considered that a student should be allowed to attend classes etc. for the final examination even though he/she may not have passed the first examination.

13. Considered—Indian Nursing Council’s letter no. 34/54-INC, dated February 24, 1955, re discontinuance of Junior and Vascular Grade Courses and the courses in Midwifery only.

Decision—The Council is of the opinion that we should have one course in Nursing and one course in Midwifery and the preliminary basic qualification should be 8th class pass for all. The course in Midwifery should be the Diploma course.

15. Considered—Indian Nursing Council’s letter no. 30/55-INC, dated February 24, 1955, re the period of implementation of the syllabuses approved by the Indian Nursing Council for various courses.
Decision. — The Indian Nursing Council may be requested to give us exemption for two years.

16. Considered. — Indian Nursing Council's letter no. 32/55-INC, dated February 24, 1955, to implement only minimum education qualification requirements for admission to nurses and midwifery training.

Decision. — The Indian Nursing Council may be requested to give exemption for two years.

17. Considered. — With reference to resolution no. 30, dated November 20, 1954, Indian Nursing Council's letter no. 2/54-INC, dated April 23, 1954, along with the replies received from other State Nursing Councils.

Decision. — The Council accepted the recommendations of the Indian Nursing Council and agreed to allow failed candidates for nursing examination to appear in the subject in which they had failed but made it clear that they should appear both in the Theory and Practical Examination of the subject.

18. The audit and inspection note on the accounts of the Council for the year 1953-54 were considered and the Registrar's annotations thereon were accepted.

19. Considered. — The Director of Medical and Health Services, U. P.'s letter no. IX-F.-9132/6 dated March 3, 1955, re training of midwives in the technique of small-pox vaccination.

Decision. — The training in vaccination technique should be included in the syllabus of instructions for midwives.

20. The recommendation (Appendix B) of the meeting of the Standing Committee, dated March 23, 1955, on the following items were accepted:

(i) The following resolution of Srimati D. S. Briscoe:

"Question of appearing in the examination cannot be understood properly, i.e., how many chances a girl can have for the first year and final. Often one year is counted as first chance or after one and a half years is counted as first chance. Some in the case of the Final after three years is counted as first chance or after three and a half years is counted as first chance."

(ii) The following resolution of Srimati D. S. Briscoe:

"The girl from March, 1953, batch who fails in March, 1954 is allowed to sit in September, 1954. She again fails and allowed in March, 1955, and again fails. She is again allowed to sit in September, 1955, and passes which means after two and a half years she passes only first year and does not attend any lectures of the third year's course. In March, 1956, she is allowed to appear for final and might pass. By doing this she does not make an efficient staff nurse. This practice somehow should be stopped, or the time for the third year should be extended. In most of the cases this sort of student fail twice or thrice even in the final. By this sort of chances to such poor students only waste of Government money. There may be two chances allowed for the first year examination, i.e. a girl of March, 1953 fail in March, 1954 she should be allowed to appear only once more in September, 1954, and after that for final in March, 1956. If she fails in final she may be given one more chance and no more."

(iii) The following resolution of Kumari G. P. Kapadia:

"Resolved that there should be a minimum period of one year between first and final year examination."

(iv) Appeal of Srimati Ashawani Singh (nee Timothy).

(v) Request of Kumari Grace Lal for registration of her nursing and midwifery qualifications.

(vi) Request of Srimati Winnie Williams for registration of her nursing and Assistant Midwifery qualifications.

(vii) Request of Kumari Bertha Diez for registration of her nursing and midwifery qualifications.

21. Considered the following resolution of Kumari G. P. Kapadia:

"Resolved that steps may be taken for enrolment of new nurses regularly every six months."

Decision. — The Council is of the opinion that admission of new nurses should be done at the time as provided in the rules.

22. Considered. — The following resolution of Kumari G. P. Kapadia:

"Resolved that certificated sisters and staff nurses be tested in General Knowledge, English and Arithmetic besides Hindi for Basic test. Also a report from the head of institutions as to professional suitability be obtained before allowing a candidate to appear for diploma examination."

Decision. — The Council agreed with the above resolution.

23. Considered. — The following resolution of Kumari G. P. Kapadia:

"Should students failing the first examination for the first, second or third time be permitted to attend the first year as well as final year lectures?"

Decision. — This is covered by the decision taken on resolution no. 12 supra.

24. Kumari G. P. Kapadia raised the question of numbering of badges.

It was resolved that the badges should be numbered and the additional cost on that account be charged from the nurses, i.e. the price of the badges be raised to Rs. 4 each.

25. Srimati D. S. Briscoe raised the question that the pass marks in the papers in Midwifery should be provided in the rules.

"Resolved that steps may be taken for enrolment of new nurses regularly every six months."

Decision. — The Council is of the opinion that admission of new nurses should be done at the time as provided in the rules.

22. Considered. — The following resolution of Kumari G. P. Kapadia:

"Resolved that certificated sisters and staff nurses be tested in General Knowledge, English and Arithmetic besides Hindi for Basic test. Also a report from the head of institutions as to professional suitability be obtained before allowing a candidate to appear for diploma examination."

MONTHLY WEATHER REPORT OF UTTAR PRADESH FOR OCTOBER, 1954

Rainfall over the State was 62 per cent above normal in the plains and 400 per cent above normal over the hills.

A deep depression centred over the west Uttar Pradesh gave on the 1st and 2nd nearly general rain over the State which was locally heavy in western districts and gave rise to floods at places.

The rainfall continued at a few places on the 3rd and 4th. Thereafter, the monsoon withdrew and almost dry weather prevailed during the rest of the month except for 25th and 26th when it rained in south-east Uttar Pradesh at a few places.

Chief amounts of rainfall recorded during the month are:

- 6.70" at Mukteshwar on the 2nd.
- 4.55" at Aligarh on the 1st.
- 4.30" at Meerut on the 1st.
- 2.80" at Naini Tal on the 1st.
- 2.72" at Dehra Dun on the 1st.
- 2.70" at Najibabad on the 1st.
- 2.34" at Agra on the 1st.
- 2.40" and 2.63" at Mukteshwar on 1st and 3rd respectively.
- 4.45" at Meerut on the 2nd.
- 3.60" at Najibabad on the 2nd.
- 3.42" at Lakhimpur-Kheri on the 2nd.
- 2.09" at Bareilly on the 2nd.

Rainfall during the month was in very large excess in Meerut, Agra and Rohilkhand divisions, in large excess in Lucknow Division, normal in Allahabad Division, in moderate defect in Faizabad Division and in large defect elsewhere.

Mean monthly maximum temperature where below normal while the minimum temperature were normal. The humidities were also normal. The cloud amounts were above normal.
Weather was mainly dry during the month rainfall being 100 per cent below normal in all the divisions in the plains of the State and 70 per cent below normal in the Kumaon Division (with Dehra Dun).

Seasonal rainfall as reckoned from 1st October 1954, was in very large excess in Meerut, Agra and Rohilkhand divisions, in moderate excess in Lucknow, and very near normal in help, and below normal in the Dehra Dun division.

JWALA PRASAD SINGH, Inspector General of Registration.

Monthly Agricultural Report of Uttar Pradesh for the Month of February, 1955

I—Season

During the first and second weeks of the month under review, there were slight showers to moderate rain in most districts of the State and no rain in the rest. During the third and fourth weeks, there was practically no rain throughout the State. The total rainfall for the month was in excess of the normal in all the districts except a few, where it was in excess.

II—Agricultural operations

Preparation of land for, and sowing of, the next sugarcane and wasi crops continued practically throughout the State. Harvesting and crushing of the standing sugarcane crop for the manufacture of sugar, gur and wasi were in progress. Harvesting of early wasi crops, particularly peas, mustard and some also commenced in some districts. The standing wasi and the newly sown wasi crops were irrigated in a few districts.

III—Standing crops

and

IV—Prospects of harvest

Rains during the month proved beneficial to the standing crops. The condition of the standing wasi crops and their prospects of cut-down continued to be generally satisfactory except in areas a footed by hail, frost and drought. On the basis of the information received so far from the District Officers, the average annual condition of wasi crops for the State is estimated at 19-5 annas or about 84 per cent. of the normal (16 annas denoting the normal crop).

V—Damage to crops

Slight damage to the standing wasi crops by frost was reported from the Allahabad, Banda and Rae Bareli districts. There was hailstorm towards the close of the month in certain villages of the Muzzafarnagar, Bareilly and Asamgarh districts. Localized damage to the wheat and barley crops by water-logging and rust was reported from the Sultanpur district.

According to the reports received from the Entomologist to Government, Uttar Pradesh, some damage by field rats to the wheat, barley, gram, peas and sugarcane crops was caused in several districts of the State. Stray attacks by insect pests on the standing crops were also reported from several districts. Control measures against these field rats and pests were undertaken by the Plant Protection Service, Uttar Pradesh.

VI—Agricultural stock

The condition of the live-stock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths, and mortality from infectious cattle diseases during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would be seen from this table that, as compared with the previous month, there was a rise of 10-3 per cent. in the total number of seizures but a decline of 23-7 per cent. in the total number of deaths, resulting in a decline in mortality from 11 to 8. As regards Anthrax, there were 64 cases of seizures and 60 resulting in a decline in mortality from 11 to 8. As regards Foot-and-Mouth disease, there was a rise of 15-8 per cent. in the number of seizures but a decline of 40-9 per cent. in the number of deaths, giving a rise in mortality from 90 to 96. In the case of Black-quarter, both the number of seizures and deaths increased to about 3 and 2-5 times respectively those in the preceding month, but mortality fell from 81 to 72. As regards Rinderpest and mortality also fell from 100 to 80. There were decreases of 68-1 per cent. and 71-6 per cent., respectively in the number of seizures and deaths from Rinderpest and mortality also fell from 81 to 72. As regards Foot-and-Month disease, there was a rise of 15-8 per cent. in the number of seizures but a decline of 40-9 per cent. in the number of deaths, resulting in a decline in mortality from 0-63 to 0-22. There was no case of seizure or death from Other Diseases during this month as against 6 cases of seizures and 5 of deaths in the previous month.

WHEREAS the General Secretary, Sri Ramesh Chandra Agarwal, are also hereby warned that this time only the registration certificate of the Union is cancelled for non-submission of the Return by the prescribed date. In future legal action will be taken against the office bearers of the Union under section 31 of the Indian Trade Unions Act, 1926, in the event of recurrence of such a default.

No cause having been shown, the certificate of registration of the Municipal Karmehari Union, Kanpur, which is registered as a Trade Union under no. 972 of 1931-32, has failed to submit the said Union’s annual return for the year ending on March 31, 1932-33, although the Secretary of the Union has remained in the said Union’s charge, vide this office letter dated March 10, 1934, April 22, 1934, and July 22, 1934, and its application for submission of return dated September 27, 1934, and it has thus committed an offence of non-submission of its annual return within the meaning of section 28 of the said Act. The period of the notice expired on February 27, 1935.

No cause having been shown, the certificate of registration of the Municipal Karmehari Union, Kanpur, is hereby cancelled under section 10(6) of the Indian Trade Unions Act, 1926.

WHEREAS the National General Workers’ Union, registered under no. 1197 of 1951-52, as a Trade Union under section 8 of the Indian Trade Unions Act, 1926 (XVI of 1926), contravened the provisions of section 28 of the said Act by failing to submit the Union’s annual return for the year ending on March 31, 1952, by July 31, 1952, the date prescribed by regulation 17 of the Regulations framed under the Indian Trade Unions Act, 1926, a notice under section 10(6) of the said Act was issued to the said Union to show cause, within two months of the service of the notice, why the certificate of its registration should not be cancelled. The period of the notice expired on February 27, 1953. The annual return for the year described above has not been furnished even up to this date.

No cause having been shown, the certificate of registration of the Industrial Oil Mill Workers’ Union, Atmadpur, is hereby cancelled under section 10(6) of the Indian Trade Unions Act, 1926.

RESOLUTION

(1) District Magistrates' Reviews on the working of District Boards during the year 1953-54.

(2) Annual Report on the working of the Local Fund Audit Department, Uttar Pradesh, for the year 1953-54.

Observations:

1. There was no increase in the number of District Boards in the State, and the 49 District Boards, one in each District of the State excepting Rampur and Tehri-Garhwal, and the Sub-District Board, Bhadohi in district Banaras, functioned as in the previous year. The District Board, Mirzapur, which was superseded during the year 1952-53, remained under supersession.

2. The districts of Rampur and Tehri-Garhwal, which were created upon the merger of the erstwhile States, remained without a Board, but the Local Self-Government activities were carried out in those districts through District Planning Committees, which were sanctioned the following grants by Government for the purpose:

</table>

3. The difference of Rs.10,000 in the figures relating to Rampur for the years 1952-53 and 1953-54 was due to the inclusion in the Local Self-Government Budget for 1952-53 of a corresponding provision made in the Education budget in 1953-54 on account of primary schools.

4. The vacancies in the office of the President in the two Boards of Etah and Hamirpur remained unfilled, because of a stay order passed by the High Court in respect of the vacancy in the District Board, Etah and for administrative reasons, in the District Board, Hamirpur. Due to the death of the President, District Board, Pilibhit, on October 14, 1953, and the resignation of the President, District Board, Bahraich, two other vacancies occurred during the year which were filled through bye-elections—the senior Vice-Presidents having been elected in both the cases—held on December 9 and 13, 1953, respectively.

5. There were 51 casualties amongst members on account of death, resignation and removal.

6. Meetings—In all 463 meetings were held by all the Boards, as against 476 during the previous year. Ten meetings proved abortive for want of quorum and
14 were adjourned. The number of abortive and ad-
joined meetings during the previous year was 16 and
10, respectively.
7. The statutory provision regarding minimum
number of meetings was not observed by the following:
23 Boards as against 22 during the previous year:

Accordingly a good number of unneeded schools were closed down and some new ones

8. The average percentage of attendance of mem-
bers at meetings fall from 60 to 65. The attend-
ance was generally satisfactory excepting in the
District Boards of Bareilly, Banda, Hamirpur,
Ghaziarpur, Deoria, Lucknow, Unnao, Ghazipur,
Bhatiagha, and Sultanganj, where it was below 60. One hundred and four members did not attend even a single meeting during the year.
9. Committees—The Committees set up by the
Boards worked harmoniously and gave valuable advice
within their spheres. The administration was gen-
erally speaking conducted satisfactorily.
10. Finances—The following are the comparative
figures of the Boards' income and expenditure for the
years 1953-54 and 1952-53:

11. The figures of the Opening Balance for the year 1953-54 should have been the same as that of the Closing Balance for the year 1952-53, but it was in excess of Rs.1,18,85,507 (1,01,28,216—1,00,12,360). This was due to the differences in the figures reported by the Janshi and the Muazaffarnagar Boards, which were as follows:

These discrepancies were due to subsequent reconcilia-
tions in accounts.
12. The increase in income is attributable mainly to:
(a) Increased Government grants; and
(b) increase in Government grants paid in lieu of local rate due to revision of figures.
13. Education—During the year under report, the
Boards undertook adjustment of schools according to local needs. Accordingly a good number of unneeded schools were closed down and some new ones were opened. Aid was discontinued to schools whose enrolment was low, and as a result the number of schools maintained by the Boards came down from 27,706 to 27,706, and that of the aided ones, from 1,942 to 1,942. On account of the fall in the number of schools, the number of scholars also decreased from 24,21,470 to 24,19,295. The number of scholars per mile of population and the cost per scholar worked out to 44 and Rs.4,01,799, respectively, during the previous year.
14. The income of the Boards from these schools, however, increased from Rs.83,58,170 to Rs.85,52,413 on account of increase in the rate of fees and receipts of arrear contribution from other local bodies. The expenditure also increased from Rs.5,04,24,541 to Rs.5,04,24,541 on account of payment of arrears of salaries and provident fund to teachers. The arrears of Rs.25,14,322 still outstanding represented the amount payable to teachers on account of the increments earned by them and the difference between the rates of dearness allowance prescribed by Government and those being allowed by the Boards.
15. Industrial Education—As in the previous year, of the Boards of Muazaffarnagar, Gorakhpur and Hardoi maintained, and that of Bara Banki subsidized, one Industrial school for boys. The District Board, Gorakhpur, also started giving aid to one such
school. The number of scholars on roll in these schools was 135. The District Board, Almora, closed down its Industrial School, and the District Board, Mallahabad, discontinued aid to the single school previously subsidized by it.

16. Medical—The Boards maintained 719 dispensaries as against 730 during the previous year. They also subsidized 180 Valds, Hakims, Medical Practitioners and dispensaries as against 180 during the previous year. Thus the number of Boards' own dispensaries fell by 11, whereas that of subsidized institutions went up by 40. The increase was due, in the main, to the fact that the District Board, Allahabad, started adding 34 Medical Practitioners, and the decrease in the number of dispensaries arose on account of the provincialization of certain dispensaries and the closure of some others by certain Boards.

17. The medical facilities provided at the dispensaries and by the Valds, Hakims, and Medical Practitioners were taken advantage of by 1.61,934 patients against 2.02,478 during the previous year. The number of new patients was 1.54,579 and of returning patients was 1.07,355, as against 1.50,906 and 1.03,572 respectively in the previous year. Thus the average number of patients per month increased from 185 in the previous year to 195 in the current year.

18. The income of the Boards under this head increased from Rs.1,04,463 to Rs.1,67,709 and Government paid grants totalling Rs.4,97,768. The total expenditure incurred by the Boards being Rs.3,45,706, they had to find a sum of Rs.20,91,234 out of their own Funds.

19. Public Health—Eight hundred and thirty-nine vaccinators worked throughout the year and inoculated 93,548 persons as against 88,950 during the previous year. The number of deaths registered a decrease from 10,15,941 to 10,09,293 in the previous year. Thus, on an average 2,903 persons were vaccinated by each vaccinator. The average number of persons inoculated per million of population works out to 43 as against 40 during the previous year.

20. The number of births registered a decrease from 24,541 to 22,811 miles of metalled and 22,811 miles of unmetalled roads. The Boards spent Rs.35,46,706 over their maintenance expenditure. The number of births and death entries tested was 5,61,225, as against 5,88,805 during the previous year.

21. The income of the Boards under this head was increased from Rs.1,43,782 to Rs.1,94,660. The grant to the area they serve by providing more money for works and activities of public utility. Particular attention should be paid towards collection works and greater vigilance should be shown in the supervision of accounts and enforcement of rules.

22. The Accounts—Apart from the annual audit of the Boards' accounts, a special audit was carried out of the expenditure pertaining to the grant of Rs.80,000 paid to the Naini Railway Feeder Road. The special audit brought to light numerous instances of incorrect fixation of pay and of grant of unauthorized allowances to employees. The heavy expenditure over administration should be reduced by a judicious scrutiny of the staff requirements, and dependence over Government grants should be gradually reduced.

23. The Boards should strive to fulfill their obligations to the area they serve by providing more money for works and activities of public utility. Particular attention should be paid towards collection Works and greater vigilance should be shown in the supervision of accounts and enforcement of rules.

24. The Directors should also ensure timely submission of their Annual Reports to avoid delay in the publication of the Government Resolution.

ORDER
Ordered—that the Resolution be published, both in Hindi and English, in the official Gazette, for information.

ORDER also that a copy of this Resolution be forwarded to:

LUCKNOW

May 28, 1955.

A. N. CHOPRA,
Director of Medical and Health Services, Uttar Pradesh.

May 19, 1955

I—Season

During the first week of the month under report, there were light showers in a number of districts of the State and no rain in the rest. During the second week, there was practically no rain throughout the State. During the third and fourth weeks, there was no rain except for scanty showers in some districts. The total rainfall for the month was in defect of the normal in almost all the districts of the State except a few where it was in excess. Rain during the month were generally accompanied by hailstorm in a number of districts.

II—Agricultural Operations

Preparation of land for, and sowing of, the next sugarcane and rabi crops were in progress in some districts. Harvesting and crushing of sugarcane for the manufacture of sugar and gur continued in a few districts. Harvesting and threshing of rabi crops were in full swing throughout the State. The newly sown sugarcane and rabi crops were irrigated in some districts. Preparation of seed-bed for kharif crops commenced in a few districts.

III—Standing Crops and Prospects of Harvest

The condition of the standing crops and the prospects of outturn of rabi crops were generally satisfactory, except in a few districts where some localized damage to the crops was caused by hailstorms and frost during the season. On the basis of information received so far from the District Officers, the figures of average anna condition (expressed as percentage) of the mango and rabi crops for the State are estimated at about 85 and 82 per cent. of the normal respectively.

V—Damage to crops

Reports of localized damage to the standing rabi crops by hailstorm were received from a number of districts, the damage being particularly severe in the districts of Saharanpur, Jalal, Jajmau, Almora and Azamgarh. Some localized damage to crops by fire was reported from the Allahabad district. According to the reports received from the Entomologist to Government, U. P., some damage to the wheat, barley, gram, 

VI—Agricultural Stock

The condition of the live-stock was, on the whole, satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, U. P. It would be seen from this table that, as compared with the previous month, there was a decline of 28.6 per cent, in the total number of seizures and of 38.2 per cent, in the total number of deaths, resulting in a slight decline in mortality from 8 to 7. As regards Anthrax, there was a fall of 7.6 per cent, in the number of seizures and of 35.7 per cent, in the number of deaths, giving a decline in mortality from 94 to 87. In the case of Hemorrhagic Septicaemia, there was a decline of 55.3 per cent, in the number of seizures and of 38.3 per cent, in the number of deaths, a decline in mortality from 96 to 87. As for Black Quarter, there was a decline of 54.5 per cent, in the number of seizures and of 42.9 per cent, in the number of deaths, but the mortality rose from 80 to 100. There were less decreases of 12.2 and 27.4 per cent respectively in the number of seizures and deaths from Rinderpest and mortality also fell from 72 to 60. As regards Foot and Mouth disease, there was a decline of 28.2 per cent, in the number of seizures but the number of deaths was a little more than double that of the preceding month, resulting in a rise in mortality from 0.22 to 0.67. There were 70 and 50 cases of seizures and deaths respectively from other diseases as against no case of seizure or death during the preceding month.

Table—Number of seizures, deaths and mortality from infectious cattle diseases during the months of February and March, 1955.

PART VIII

June 7, 1955

No. 1587(L)/XXXVI(B)—248-53.—In pursuance of the provisions of section 8 of the U. P. Sugar and Power Alcohol Industries Labour Welfare and Development Fund Act, 1950 (U. P. Act no. XVI of 1951), the Governor is pleased to direct the publication, in the Schedule to this notification, of estimates of receipts into, and expenditure from, the U. P. Sugar and Power Alcohol Industries Labour Welfare and Development Fund:

Schedule

1. Actual for the year 1953-54.

Under the Sugar Housing Scheme sponsored by the State Government it was decided to construct some 1,500 houses in the different sugar factories of the State.

During the year under review, 6 more factories started construction work bringing the total no. of such factories to 37. Out of the remaining factories which could not start construction work, 14 factories had no land. Steps for acquiring land for these factories were taken. Other factories could not start work due to some other administrative difficulties. Six factories had declined to participate in the scheme and it was proposed to redistribute their allotment money to other factories. The progress of construction at different stages was as follows:

During the year construction work on 194 more quarters was started in various sugar factories, bringing the total number of quarters under construction to 740. 176 quarters which were under construction last year had been completed during the year under review, bringing the total no. of quarters completed to 364. Out of the remaining 63 were up to plinth level, 22 up to roof level but roofs not laid, 195 up to all roofs laid and plastering etc., done and 14 were below plinth level.

Payments amounting to Rs.5,40,213.8 were made to a number of sugar factories during the year towards the part payment of the cost of construction work bringing the total payment made so far to Rs.11,82,398.8.

The Executive Engineer continued to visit all the factories as often as necessary, to see that the work was being carried out according to the plans and estimates approved by the Board. He also gave spot advice to the factories as and when necessary, regarding construction work.
The Labour Welfare Commissioner and the Town and Village Planner to Government, U. P., visited different sugar factories from time to time and insisted the owners to expedite construction work. The Provincial Iron and Steel Controller was good enough to issue permits of cement and coal-dust for the construction work.

The Housing Board and the Advisory Committee met twice each during the year and considered various questions raised before them and gave their decision thereon. In some sugar factories the quarters completed were occupied by the workers after performing open-closing ceremony.

S. B. SINGH, Director of Agriculture.
Monthly Agricultural Report of Uttar Pradesh for the Month of April, 1955

I—Season

During the first and third weeks of the month under report, there was no rain throughout the State. During the second and fourth weeks, there were light and sporadic showers in about one-third of the districts and no rain in the rest. The total rainfall for the month was in deficit in almost all the districts of the State except a few where it was in excess. Rains during the month were accompanied by hailstorm in the districts of Saharanpur, Bijnor, Aligarh, Mathura, Mainpuri, Etah and Allahabad, but no appreciable damage was caused to the standing crops.

II—Agricultural Operations

Preparation of land for and sowing of, the sugarcanee and jowar crops was almost over. Preparation of land for the next Charif crops was in progress in some districts. Harvesting of rabi crops was practically over, but threshing and winnowing of the harvested produce continued. The standing sugarcane and jowar crops were irrigated in a large number of districts. Crushing of sugarcane, and its supply to the mills was still continuing in some districts.

III—Standing Crops

The condition of the standing sugarcane and jowar crops was reported to be generally satisfactory. In the annexed statement are given the cause-conditions of important rabi crops, as reported by the District Officers.

IV—Damage to crops

Slight localized damage to rabi crops by hailstorm was reported from a few districts.

According to the reports received from the month from the Entomologist Government Uttar Pradesh, field rats caused some localized damage to the sugarcane, wheat and barley crops in several districts. Attack of pyrrula on the sugarcane crop was also reported from a few districts. Control measures against field rats and pyrrula were undertaken by the Plant Protection Service, Uttar Pradesh.

V—Agricultural Stock

The condition of the livestock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in table given below which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would appear from this table that the total number of seizures and deaths during the month was 28 times and 15 times respectively of those in the preceding month causing mortality to decline from 7 to 3. As regards Anthrax, the number of seizures and deaths was 72 and 37 times respectively of those in the preceding month, but mortality fell from 87 to 43. In the ease of Haemorrhagic Septicaemia, there was a decline of 35 per cent in the number of seizures and of 20-5 per cent in the number of deaths resulting in a rise in mortality from 87 to 99. As for Blackquarter, the number of seizures and deaths were 23 and 21 times respectively of those in the preceding month whilst mortality decline from 40 to 52. As regards Foot and Mouth disease, whilst the number of seizures were 29 times of those in the previous month, the number of deaths were 24 against 20 in the previous month, which resulted in a decline in mortality from 0.67 to 0.10. There were no cases of seizures or deaths from Other Diseases during this month as against 70 cases of seizures and 30 cases of deaths during the preceding month.

UTTAR PRADESH FINANCIAL CORPORATION

General Regulations

In exercise of the powers conferred by section 48 of the State Financial Corporations Act, 1951, the Board, after consultation with the Reserve Bank of India and with the previous sanction of the State Government, has made the following regulations:

CHAPTER I—INTRODUCTORY

1. Short title—These regulations may be called the Uttar Pradesh Financial Corporation General Regulations.

2. Commencement—These shall come into force at once.

3. Definitions—In these regulations, unless there is anything repugnant to the subject or context—
   (b) “Section” means a section of the Act.
   (c) “Corporation” means “the Uttar Pradesh Financial Corporation”.
   (d) Words and expressions—“Board, Industrial concerns, Prescribed, Reserve Bank, Scheduled Bank and Underwriting” shall have the same meaning assigned to them in the Act.

CHAPTER II—SHARES OF THE CORPORATION

4. Shares: Movable property—The shares of the Corporation shall be movable property.

5. Control over shares—(i) Subject to the provisions of the Act and these Regulations, the transfer of and the right to hold shares of the Corporation shall be under the control of the Board.
   (ii) The decision of the Board as to whether or not a person is entitled to be registered as a shareholder under clauses (c) and (d) of sub-section (3) of section 4 of the Act, shall be final.

6. Parties who may not be registered as shareholders—Except as otherwise provided by these regulations, no minor or person who has been declared by competent authority to be of unsound mind, shall be entitled to be registered as shareholder.

7. First allotment of shares—(i) Subject to the provisions of section 4 of the Act, the first allotment of shares shall be made to applicants who are qualified to be registered as shareholders of the Corporation in accordance with the provisions of this Regulation.
   (ii) An application for allotment of shares may not be entertained unless an amount equal to the full value of the shares applied for has been tendered with the application.
   (iii) (a) The Executive Committee shall consider all the applications for shares and shall advise the Board in making allotment of the shares.
        (b) The Board shall thereupon make allotment of shares either in full or in part or make no allotment; and its decision in this regard shall be final.
   (iv) (a) In making the allotment of shares the Board shall try to have as large a number of shareholders in each class as may be possible.
        (b) The number of shares that may be allotted to an applicant shall, in no case, exceed the number of shares applied for or allocated to the class of shareholders to which he belongs, whichever may be smaller.
   (v) For the purpose of this Regulation and the following Regulations, there shall be the following classes of shareholders, namely:
      (a) the State Government,
      (b) the Reserve Bank,
      (c) Scheduled Bank,
      (d) Co-operative Banks.
(e) Insurance Companies, Investment Trusts, and other financial institutions, excluding (c) and (d).
(f) Parties other than those referred to in clauses (e) to (e) above.

8. Joint holding of shares—(a) Joint holding of shares, except in the case of individuals, shall not be recognized by the Corporation.
(b) In the case of a firm, the shares shall be registered in the name of the partners of the firm and not in the name of the firm as such.

9. Share register—(i) The Corporation shall maintain, at its Head Office, a register of shareholders qualified by the Act to be registered therein, and shall enter therein the following particulars:
(a) The name of each shareholder and a statement of the shares held by him distinguishing each of the shares held by him by its number;
(b) the postal address of each shareholder or the address at which the shareholder has his principal place of business;
(c) the clause of sub-section (3) of section 4 of the Act under which the shareholder is qualified to be so registered and the class of shareholders to which he belongs; provided, however, that if the entry relates to the shares registered in the name of the State Government subscribed for by it, under sub-section (5) of section 4 of the Act, the reference shall be made to the said provision of the Act and not to any clause of sub-section (3) of section 4 of the Act;
(d) the date on which each person is entered as a shareholder, the manner in which he acquired his shares and, except in the case of first allotment, the name of the previous holder;
(e) the date on which any person ceases to be a shareholder and the name of the person to whom and the ledger to which the shares are transferred.
(ii) A separate ledger shall be maintained in the register for each class of shareholders.

(iii) In the case of joint-holders of any share the particulars required by clause (i) shall be entered under the name of any one of such joint-holders specified by them and the names of other holders shall be entered after the name of such specified joint-holder.

10. Trusts not to be recognized—The Corporation shall deal with the shareholders irrespective of whether they are full owners of their shares or trustees for some other person or persons. No notice of any trust, expressed, implied or constructive, shall be entered on the register, nor shall any trust be recognized by the Corporation.

11. Exercise of rights of joint-holders—If any share stands in the name of two or more persons, the person first named in the register shall, as regards voting, receipt of dividends, service of notices and all or any other matter connected with the Corporation, except the transfer of the share, be deemed the sole-holder thereof.

12. Inspection of share register—(i) The share register prescribed by regulation 9, except when closed under the provisions of these Regulations, shall be open to the inspection of any shareholder free of charge at the Head Office of the Corporation during business hours subject to such reasonable restrictions as the Corporation may impose, but so that not less than two hours on each working day may be allowed for inspection.
(ii) A shareholder shall not himself make a copy of any entry in any such register, but may, except when the register is closed, ask the Corporation to supply a copy of any such register or of any part thereof on pre-payment therefor at the rate of 8 annas for every hundred words or fraction thereof required to be copied.

13. Closing of share register—The Board may, by notice in the press, close the share register for such periods (not exceeding six weeks at any one time) as may in its opinion, be necessary.
14. **Share certificate**—(i) Every share certificate shall be issued under the common seal of the Corporation.

(ii) Every share certificate shall bear a serial number and shall specify the number of shares in respect of which it is issued and their distinguishing numbers.

15. **Issue of share certificates free of charge**—(i) The State Government and the Reserve Bank shall each be entitled, free of charge, to one certificate for all the shares registered in their names at each allotment under clauses (a) and (b) of sub-section (3) of section 4 of the Act.

If any shares are allotted to the State Government in pursuance of sub-section (5) of section 4 of the Act, an additional certificate in respect of such shares shall also be issued, free of charge, to the State Government.

(ii) Every shareholder, other than the State Government and the Reserve Bank, shall be entitled, free of charge, to one share certificate for each 25 shares and one additional share certificate for a number of shares in excess of a multiple of 25 shares registered in his name. A shareholder holding less than 25 shares shall be entitled, free of charge, to one share certificate for all the shares registered in his name. Should any shareholder require more than the number of the share certificate or certificates to which he is entitled free of charge under this regulation, he shall pay the sum of rupees one for each additional share certificate.

(iii) In the case of shares held jointly by several persons, delivery of the relative share certificate or certificates to one of such joint holders shall be sufficient delivery to all and a receipt therefor signed by any one of such joint holders, shall effectually bind all the joint holders.

16. **Renewal of share certificate**—(i) If any share certificate is worn out or defaced or tendered for sub-division, then on production thereof to the Head Office of the Corporation, it may order the same to be cancelled and have a new certificate or certificates issued in lieu thereof.

(ii) If any share certificate is alleged to have been lost or destroyed, then on production of such evidence of the loss or destruction thereof to the Board, a new certificate or certificates may be issued in lieu thereof. Any person availing himself of the provisions of this regulation shall pay to the Corporation all expenses incidental to the investigation of the evidence and advertisement of loss or destruction and the preparation of the requisite form of indemnity as aforesaid.

(iii) For every certificate issued under this regulation there shall be paid to the Corporation a sum of rupees one.

17. **Transfer of shares**—(i) Subject to the restrictions contained in the Act and in these Regulations, shares shall be transferable, but every transfer must be in writing in the following form:

"I/We, of Rs_________ in consideration of the sum of Rs_________ paid to me/us by__________________________ (hereinafter called the 'transferee') do hereby transfer the shares numbered_________ in the Uttar Pradesh Financial Corporation to the said transferee, his/her executors, administrators, and assigns, subject to the several conditions on which I/we held the same at the time of the execution thereof, and I/we the transferee do hereby agree to take the said shares subject to the conditions aforesaid and I/we, the transferee request that I/we be registered in respect of the said shares of the Corporation.

As witness our hands_________ day of_________.

(i) The instrument of transfer of shares shall be signed by the transferor and the transferee and submitted to the Board; the transferor shall be deemed to remain the holder of such shares until the name of the transferee is entered in the register. Each signature to such transfer shall be duly attested by one witness who shall sign giving his address and occupation.

18. Power to refuse recognition of transfer—(i) The Board shall not decline to recognize any instrument of transfer except in case were—

(a) a sum not exceeding rupees two is not paid to the Corporation in respect of the transfer which sum shall not in any event be refunded; or

(b) the instrument of transfer is not accompanied by the certificate of the shares to which it relates and such other evidence as the Corporation may reasonably require in support of the transfer is not produced.

(ii) Upon receipt by the Board of an instrument of transfer with a request to register the transferee the Board shall make such enquiry as it may consider necessary to satisfy itself regarding the right of the transferor to make the transfer and the qualifications of the transferee to be registered as a shareholder.

19. Transmission of shares in the event of the death, insolvency, etc. of a shareholder—(i) The executors or administrators of a deceased sole-holder of a share, or the holder of a succession certificate issued under Part X of the Indian Succession Act, 1925, in respect of such share, or a person in whose favour a valid instrument of transfer of such share was executed by such person or by the deceased sole-holder during the latter's life-time, shall be the only person who may be recognized by the Corporation as having any title to the shares of the deceased shareholder. In the case of a share registered in the name of two or more holders, the survivor or successors and on the death of the last survivor, his executors or administrators, or any person who is the holder of a succession certificate in respect of such share, or a person in whose favour a valid instrument of transfer of the shares was executed by such person, and such last survivor during the latter's life-time, shall be the only person who may be recognized by the Corporation as having any title to such shares. The Corporation shall not be bound to recognize such executors or administrators unless they shall have obtained probate or letters of administration, or other legal representation as the case may be, from a duly constituted Court in India having effect at the place where the share register of the Corporation is maintained; provided, nevertheless that in any case where the Board shall in their absolute discretion think fit, it shall be lawful for the Board to dispense with the production of succession certificate, letters of administration or such other legal representation upon such terms as to indemnity or otherwise as the Board may think fit.

(ii) Any such person becoming entitled to a share in consequence of the death of a shareholder and any person becoming entitled to a share in consequence of the insolvency, bankruptcy, or liquidation of a shareholder shall, upon production of such evidence as the Board may require, have the right—

(a) to be registered as a shareholder in respect of the share upon his satisfying the Board in the same manner as if he were the proposed transferee under regulation 18(ii) and that he is qualified to be a shareholder, or

(b) to make such transfer of the share as the person from whom he derives his title could have made.

20. Shareholder ceasing to be qualified for registration—(i) It shall be the duty of any person registered as a shareholder, whether alone
or jointly with another, forthwith upon ceasing to be so qualified to give intimation thereof to the Board.

(ii) The Board may, at any time, cause such enquiry to be made as it may consider necessary for ascertaining whether any person registered as a share-holder (whether alone or jointly with another) has ceased to be so qualified and upon being satisfied that any such person has ceased to be so qualified it shall inform him and where such share-holder holds shares jointly with another, each of the joint shareholders, that he is no longer entitled to be a shareholder of the Corporation. Such a share-holder will not be further entitled to the payment of any dividend on any such shares nor to exercise any right as a shareholder otherwise than for the purpose of the transfer of such shares, and the Corporation shall make an entry in the register to that effect.

(iii) Where the Board finds that a person who is not qualified to be a shareholder of the Corporation is registered by inadvertence or otherwise, as a shareholder of the Corporation (whether alone or jointly with another), it shall inform the shareholder and in the case of joint-holdings, such holder, that he is not entitled to the payment of any dividend on any such shares nor to exercise any of the rights of a shareholder otherwise than for the purpose of the transfer of such shares, and shall make an entry in the register to that effect.

(iv) A determination of the Board under this regulation as to whether a person is qualified to be a shareholder or not shall be conclusive.

CHAPTER III—MEETING OF SHAREHOLDERS

21. Chairman of meeting—In this chapter the word "Chairman" means the "Chairman" of a meeting under regulation 27.

22. Annual General Meeting—The Annual General Meeting of the Corporation shall be held at the place where the Head Office of the Corporation is situated, or if so directed by the Board, at such other place within the State where there is a branch of the Corporation. Each Annual General Meeting shall be held within two months from the date on which the annual accounts of the Corporation are closed.

23. Special General Meeting—(i) The Board may convene a Special General Meeting at such time and place as may be decided by the Board.

(ii) When it is necessary to hold a general meeting (other than the Annual General Meeting) for the purpose of holding an election such meeting shall be convened under the direction of the Board by the Managing Director or in his absence by any other officer of the Corporation authorized by the Board in this behalf.

24. Notice convening a general meeting—A notice convening a general meeting signed by the Managing Director or the Secretary of the Corporation shall be sent to every registered shareholder and published at least twenty-one days before the meeting in the Official Gazette and in one newspaper circulating in Uttar Pradesh.

25. Business at general meetings—(i) At the Annual General Meeting the following business shall be transacted namely:

(a) The annual accounts of the Corporation including receipts and expenditure accounts, the profit and loss account, and the balance-sheet for the year ending the 31st March, together with a report by the Board on the working of the Corporation throughout the year and the Auditor's Report (a) on the said balance-sheet and accounts shall be read and considered.

(b) The election of the Auditor and the election, if any, of the Directors under the Act shall be held.

(ii) No other business shall be transacted, or discussed, except with the consent of the Chairman or unless not less than five weeks' notice has been given of the same by the State Government, or the Reserve Bank or by at least ten shareholders qualified to vote at such meeting out of the remaining classes. Such notice shall take the form of a definite resolution to be put to the meeting and shall be included in the notice of the meeting.
(iii) No business other than the one for which the meeting has been specifically convened, shall be transacted or discussed at any Special General Meeting except with the leave of the Chairman.

26. Quorum at General Meetings—No business shall be transacted at any meeting of the shareholders, whether it is the Annual General Meeting or any other General Meeting, unless a quorum of ten shareholders entitled to vote at such meeting in person or by proxy or by duly authorised representative is present at the commencement of such business, and if within fifteen minutes from the time appointed for the meeting a quorum is not complete, the Chairman may dissolve the meeting or adjourn it to the same day in the following week at the same time and place, and if at such adjourned meeting a quorum is not present, the shareholders who are present shall form a quorum. Provided that no Annual General Meeting shall be adjourned to a date later than two months after the 31st March, and if adjournment would have this effect, the Annual General Meeting shall not be adjourned but the business of the meeting shall be commenced either as soon within one hour from the time appointed for the meeting as a quorum may be present, or immediately after expiry of one hour from that time and those shareholders who are present in person or by proxy or by duly authorised representative shall form a quorum.

27. Chairman of General Meetings—(i) The Chairman of the Board or, in his absence, a Director (other than the Managing Director) authorised by the Chairman in writing in this behalf, shall be the Chairman at all General Meetings, and in default of such authorization or in the absence of the Director so authorised, the meeting may elect any other Director to be the Chairman of the meeting.

(ii) The Chairman shall regulate the procedure at all General Meetings, and, in particular, shall have full power to decide the order in which shareholders can address the meeting, to fix a time limit for speeches, to apply the closure when in his opinion any matter has been sufficiently discussed and to adjourn the meeting.

28. Voting at General Meetings—(i) A shareholder, being one of the parties mentioned in clause (d) of sub-section (3) of section 4 and being an individual or his proxy attending a General Meeting shall, for the purposes of identification and determining his voting rights, be required to sign and deliver to the Corporation a form to be prescribed by the Board giving the following particulars:

(a) his full name and registered address;
(b) the registered numbers of his shares;
(c) whether he is entitled to vote and the number of votes to which he is entitled in person, or as proxy.

(ii) A declaration by the Chairman of a General Meeting that a resolution has been carried or rejected thereat upon a show of hands by those shareholders who are entitled to vote on the resolution, shall be conclusive, and an entry to that effect in the book of proceedings of the Corporation shall be sufficient evidence of that fact, without proof of the number or proportion of the votes recorded in favour of or against such resolution, unless immediately on such declaration a poll be demanded in writing by three persons who are present at such meeting and are entitled to vote on the resolution.

(iii) If a poll be duly demanded, it shall be taken either at once or at such time and place and either by open voting or by ballot as the Chairman may direct, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded. At such poll a vote shall be given by a shareholder entitled to vote either personally or by proxy or by duly authorized representative and the shareholders shall exercise the voting rights in accordance with the rules made in that behalf by the State Government.

(iv) The decision of the Chairman of the meeting as to the qualification of any person to vote, and also in the case of a poll, as to the number of votes any person is competent to exercise, shall be final.

29. Minutes of General Meetings—(i) The Corporation shall cause minutes of all proceedings of General Meetings to be recorded in books kept for that purpose.
(ii) Any such minute, if signed by the Chairman of the meeting at which the proceedings took place or by the Chairman of the next succeeding meeting, shall be sufficient evidence of such proceedings.

(iii) Until the contrary is proved, every General Meeting in respect of the proceedings whereof minutes have been so recorded shall be deemed to have been duly called and held, and all proceedings taken place thereat, to have duly taken place.

CHAPTER IV

Special Provisions regarding the election of Directors and Auditors

30. Determination by lot of Directors to retire—The determination by lot prescribed by the proviso to sub-section (2) of section 11 of the Act shall be made at a meeting of the Board to be held not later than three months before the expiry of the period specified in the said proviso and the result shall be declared immediately thereafter.

31. Issue of notice of election—Where at any General Meeting an election of any directors or of the auditor is to be held, notice thereof shall be included in the notice convening the meeting. In the case of an election of Directors, every such notice shall also specify the number of Directors to be elected and the particular vacancies in respect of which the election is to be held.

32. Lists of shareholders—(i) For the purpose of election of Directors mentioned in clauses (d) and (e) of section 10, and/or of the auditor under sub-section (1) of section 37 of the Act, a separate list shall be prepared for each of the following classes of shareholders, namely:

(a) Scheduled Banks;
(b) Co-operative Banks;
(c) Insurance Companies, Investment Trusts, and other Financial Institutions excluding the Scheduled Banks and Co-operative Banks; and
(d) Parties other than those referred to in clauses (a), (b), and (c) of sub-section (3) of section 4.

(ii) Each such list shall contain names of the shareholders, their registered addresses, the number and denoting numbers of shares held by them with the dates on which the shares were registered and the number of votes to which they will be entitled, on the date fixed for the election, and shall be available for purchase at least three weeks before the date at which the election is to be held at a price of one rupee per copy, on application at the Head Office of the Corporation.

33. Nomination of candidates for Directorship—(i) No candidates for election as a Director of the Board shall be validly nominated unless—

(a) he is, on the last date for receipt of nominations, not disqualified to be a Director under section 12 of the Act;
(b) in the case of an election of a Director pursuant to clause (d) of section 10 of the Act, he is nominated by one shareholder, and in the case of an election of a Director pursuant to clause (e) of section 10 of the Act, he is nominated by five shareholders, in respect of which the election is to be held;
(c) the nomination is in writing signed by the proposer or by their duly constituted attorneys, provided that where a proposer is a body corporate a nomination may be made by a resolution of the Directors of the share-holding institution and where it is so made, a copy of the resolution certified to be a true copy by the Chairman of the meeting at which it was passed shall be sent to the Head Office of the Corporation and such copy shall be deemed to be nomination on behalf of such institution;
(d) the nomination paper contains a declaration signed by the candidate before a Judge, Magistrate, Registrar or Sub-Registrar of Assurances, or other Government Gazetted Officer that he
accepts the nomination and is willing to stand for election, and
that he is not disqualified for election under section 12 of the
Act.
(iii) A nomination shall not be valid unless it is received in the Head
Office of the Corporation not later than 14 clear days before the date
fixed for the election.

34. Publication of list of candidates for Directorship—On the
first working day following the last date fixed for the receipt of nomi-
nation papers, the Managing Director shall take the same into consid-
eration. He shall after such enquiry, if any, as he thinks necessary, satisfy
himself regarding the provisions of regulation 33 and shall accept or
reject the nomination of each candidate accordingly, and, in the case
of rejection, shall briefly record his reasons for so doing. The decision
of the Managing Director that a nomination is valid or invalid shall,
subject to the result of reference under regulation 37, be final. If there
is only one valid nomination for any particular vacancy to be filled by
election, the candidate validly nominated for such vacancy shall be
deemed to be elected at the meeting convened for the purpose, and his
name and address shall be published as so elected. If the number of
valid nominations exceeds one, the Managing Director shall cause to be
published in the official Gazette and in one newspaper circulating in
the State of Uttar Pradesh, the names and addresses of candidates
validly nominated.

35. Nomination of candidates for Auditorship—(i) The sharehold-
ers of the Corporation, other than the State Government and the Reserve
Bank shall, at each Annual General Meeting, elect an Auditor who
shall hold office for one year, provided that such elected Auditor
shall be required to continue in office until the election of his
successor at the next Annual General Meeting.
(ii) No candidate for election as an Auditor of the Corporation shall
be validly nominated unless—
(a) he is duly qualified to act as auditor of companies under
sub-section (1) of section 144 of the Indian Companies Act, 1913;
(b) he is nominated by two shareholders being parties referred
to in clauses (c) and (d) of sub-section (2) of section 4 who are quali-
fied to vote at the meeting at which the election is to be held;
(c) the nomination is in writing signed by the proposer; or by
their duly constituted attorneys, provided that where a proposer
is a body corporate, a nomination may be made by a resolution
of the Directors of the share-holding institution and where it is so
made, a copy of the resolution certified to be a true copy by the
Chairman of the meeting at which it was passed shall be sent to
the Head Office of the Corporation and such copy shall be deemed
to be a nomination on behalf of such institution;
(d) the nomination paper contains a declaration signed by the
candidate before a Judge, Magistrate, Registrar, or Sub-
Registrar of Assurances or other Government Gazetted Officer,
that he accepts the nomination and is willing to act as auditor
of the Corporation, if elected on such remuneration as the
State Government may fix, and that he is duly qualified to
act as an Auditor of Companies under sub-section (1) of section
144 of the Indian Companies Act.
(iii) A nomination shall not be valid unless it is received in the
Head Office of the Corporation not later than fourteen clear days before
the date fixed for election.

36. Publication of list of candidates for Auditorship—On the work-
ing day following the last day fixed for the receipt of nomination papers,
the Managing Director shall take the same into consideration. He shall,
after such enquiry, if any, as he thinks necessary, accept or reject the
nomination of each candidate. The decision of the Managing Direc-
tor that the nomination is valid or invalid shall, subject to the result
of any reference under regulation 37, be final. If there is only one valid
nomination, the candidate validly nominated shall be deemed to be
elected at the meeting convened for the purpose and his name and
address shall be published as so elected. If the number of valid nomi-
inations exceeds one, the Managing Director shall cause the names and
addresses of candidates validly nominated to be published in the
official Gazette and in one newspaper circulating in Uttar Pradesh.
37. Election disputes—(i) If any doubt or dispute shall arise as to the qualification or disqualification of a person deemed or declared to be elected or otherwise as to the validity of the election of a director or an auditor, any person interested, being a candidate or shareholder entitled to vote at such election, may, within seven days of the date of the declaration of the result of such election, give intimation in writing thereof to the Chairman of the Board and shall in so doing give full particulars of the grounds upon which he doubts or disputes the validity of such election.

(ii) On receipt of an intimation under clause (i), the Chairman shall forthwith forward such intimation to the State Government together with all the particulars of the grounds on which the validity of the election is doubted or disputed. The State Government shall appoint a referee and refer the election dispute to the referee so appointed, who shall make such enquiry as he deems necessary and, if he finds that the election was a valid election, he shall confirm the declared results of the election, or if he finds that the election was not a valid election he shall make such order and give such directions including the holding of a fresh election as shall in the circumstances appear just. His order and directions made in pursuance of this regulation shall be conclusive.

CHAPTER V—MEETING OF THE BOARD AND THE EXECUTIVE COMMITTEE

38. Meetings of the Board—(i) Meetings of the Board shall be held not less than four times a year and at intervals not exceeding three months, and shall be called by the Managing Director.

(ii) Any three Directors may require the Managing Director to convene a meeting of the Board at any time and the Managing Director shall, on receipt of the requisition, convene a meeting of the Board giving sufficient notice, provided that the date of the meeting so convened shall not be later than 21 days from the date of the receipt of the requisition.

(iii) Meetings of the Board shall be held at the place where the Head Office of the Corporation is situate, or at such other place in Uttar Pradesh as the Board may decide.

(iv) Ordinarily not less than 15 days' notice shall be given of each meeting of the Board, and such notice shall be sent to every Director to his registered address. Should it be found necessary to convene an emergency meeting, a notice shall be sent to every Director at the address registered with the Corporation sufficiently in advance to enable him to attend.

(v) No business, other than that for which the meeting was convened, shall be discussed at a meeting of the Board, except with the leave of the Chairman and a majority of the Directors present, unless one clear week's notice has been given of the same in writing to the Chairman.

(vi) Four Directors, of whom at least one shall be a nominated Director and one an elected Director, shall form a quorum for the transaction of business.

(vii) In the event of there being a casual vacancy in the office of the Chairman which cannot, according to the provisions of the Act and the Regulations, be filled sooner than, or before the date on which a meeting of the Board may have to be called, the Directors present at the meeting may elect from amongst themselves a Director, other than the Managing Director, to preside at the meeting.

(viii) A copy of the proceedings of each Board's meeting shall be circulated as soon as possible thereafter for the information of the Directors, and shall be signed by the Chairman at the next succeeding meeting.

39. Meetings of the Executive Committee—(i) The Executive Committee shall ordinarily meet at least once during each month at the Head Office of the Corporation (or such other place in Uttar Pradesh as the Managing Director may decide) to attend to the current business of the Corporation. Sufficient notice shall be given to the members of the Committee to enable them to attend the meeting.
(ii) Two Directors shall form a quorum for the transaction of business.

(iii) The provisions of the Act and, save as otherwise provided in these Regulations, of these Regulations, shall apply to the meetings of the Executive Committee as if they were meetings of the Board.

40. Disclosure of interest of a Director in any industrial concern—Every Director who is directly or indirectly concerned or interested in any contract, loan or arrangement entered into or to be entered into by or on behalf of the Corporation with any industrial concern shall, at the earliest possible opportunity, disclose the nature of his interest in the concern to the Board or Executive Committee, as the case may be, and shall not be present at any meeting of the Board or Executive Committee when any such contract, loan or arrangement is discussed unless his presence is required by the other Directors for the purpose, of elicit ing information. Where any Director is so required to be present he shall not vote on any such contract, loan or arrangement and, if he does so, his vote shall be invalid and shall not be counted.

41. Fee for Directors' meetings—(i) Each Director (other than the Managing Director and not being servants of the State Government) shall receive a fee of Rs.25 for each meeting of the Board and a fee of Rs.50 for each meeting of the Executive Committee attended by him.

(ii) In addition, each director attending a meeting of the Board or of the Executive Committee shall be reimbursed his travelling and halting expenses, if any, on such scale as may be fixed by the Board from time to time.

42. Appointment of Advisory Committee—(i) The Board may appoint Advisory Committees consisting of Directors or officers of the Corporation or such other person as they deem fit, for technical and other advice so that such committees can advise the Corporation in the efficient discharge of its functions.

(ii) The Managing Director shall be Chairman of each Advisory Committee appointed by the Board. If the Managing Director is, for any reason, unable to attend a meeting of an Advisory Committee, a person authorised by him in this behalf in writing shall preside at that meeting and in default of such authorization, the committee may elect a Chairman to preside at the meeting.

(iii) A member of an Advisory Committee, who is directly or indirectly interested in any contract, loan or arrangement which comes before such committee, shall disclose the nature of his interest to the Board and to such Committee and shall not be present at any meeting of the Committee when such contract, loan or arrangement is discussed, unless his presence is required by the other members of the committee for the purpose of eliciting information. When any member is so required to be present, he shall not vote on any such contract, loan or arrangement and, if he does so, his vote shall be invalid and shall not be counted.

(iv) Each member of an Advisory Committee, who is not a Director, Auditor, Officer or other employee of the Corporation who has already made a declaration under section 40 of the Act shall before entering upon his duties be required to sign a declaration of fidelity and secrecy to the effect set out in the form given in the Schedule to the Act.

(v) Each member of an Advisory Committee (not being the Managing Director, or a servant of the State Government or of the Corporation) shall receive Rs.50 for every meeting of the committee attended by him.

(vi) In addition, each member attending a meeting of Advisory Committee shall be paid his travelling and halting expenses, if any, on such scale as may be fixed by the Board from time to time.

43. Resolution without meeting valid—(i) A resolution in writing signed by a majority of the directors on the Board of the Corporation or where the matter concerns the Executive Committee or any other Committee appointed by the Corporation, by the majority of the
members of such committee, shall, on the expiry of one week from
the date of its communication by the Managing Director to the re-
maining Directors or members, as the case may be, be valid and effectual
and shall be deemed to be the resolution passed by the Board, the
Executive or other committee, as the case may be:

Provided that if any dissenting director or member in writing
requires, within four days of the receipt by him of the copy of the re-
solution from the Managing Director, that any resolution so passed
shall be placed before a meeting of the Board, Executive or other
committee, as the case may be, the resolution shall not be deemed
to be valid and effectual as aforesaid unless the resolution is pass-
ed at such meeting:

Provided further that any resolution passed as aforesaid shall be
placed before the next meeting of the Board; Executive or other
committee, as the case may be, for carrying out modifications, if
any:

(ii) Nothing in clause (i) shall apply to a resolution in respect of
any matter relating to granting of any loan or financial assistance
to any industrial concern under the Act.

CHAPTER VI—MANNER IN WHICH THE ACCOMMODATION
GRANTED BY THE CORPORATION WILL BE SECURED

44. Security taken must be sufficient—No accommodation shall be
given by the Corporation under clauses (a) and (e) of sub-section (1)
of section 25 of the Act unless sufficient security to the satisfaction
of the Executive Committee, as specified in sub-section (2) thereof,
has been taken.

45. Instruments evidencing security to be in prescribed form—
Instruments evidencing the security to be taken for accommodation
given by the Corporation under sub-section (2) of section 25 shall be
in the form prescribed by the Executive Committee and no material
alteration shall be made in the form so prescribed without the approval
of the committee. The committee may make such variations in the
forms as may be found necessary to suit the requirements of individual
cases.

46. Reasonable margins to be maintained in granting accommoda-
tion—For the purpose of determining the amount of the accommodation
to be granted, such margins shall be retained in the valuation of the
assets pledged; mortgaged, hypothecated or assigned to the Corpora-
tion as may be considered reasonable by the Executive Committee.

47. Factors to be taken into consideration for determining adequacy
of margins—For the purpose of regulation 46, the Executive Committee
shall require adequate margin having regard to the earning capacity
and prospects of the industrial concern, the competence of its manage-
ment and other relevant considerations.

48. Instruments evidencing security to contain stipulation for
requiring additional security in the event of fall in the value of assets—
In the instruments evidencing the security taken by the Corporation,
there shall be a stipulation that in the event of a fall occurring in the
value of the assets pledged, mortgaged, hypothecated, or assigned to
the Corporation, the industrial concern obtaining accommodation from
it may be required to furnish such additional security as may be
considered reasonable by the Executive Committee.

CHAPTER VII—GENERAL PROVISIONS

49. Board to inform State Government regarding disqualifica-
tions—The Board shall forthwith inform the State Government if it comes to
its notice that any Director has become subject to any disqualifica-
tion under the Act.

50. Acts of Directors valid notwithstanding subsequent discovery of
disqualifications—All acts done at any meeting of the Board or the
Executive Committee or an Advisory Committee by any person acting as Director of the Board or member of the Executive Committee or of an Advisory Committee, shall, notwithstanding that it shall afterwards be discovered that there was some defect in the appointment of such persons or that they or any of them were disqualified, be as valid as if such every person had been duly appointed and duly qualified.

51. Delegation of powers to the Managing Director: Without prejudice to the powers conferred under these regulations, the Managing Director may exercise the following powers:

(i) to negotiate and carry on the authorised business of the Corporation in accordance with instructions which the Board may issue from time to time;
(ii) to operate accounts either singly or jointly with a director or any officer of the Corporation authorised in this behalf by the Board from time to time and to draw, accept and endorse bills of exchange and other instruments in the current and authorised business of the Corporation and to sign all other accounts, receipts and documents connected with such business;
(iii) to organise and supervise the office, maintain discipline and exercise such powers in connection with appointment, promotion, termination of service and leave of the staff of the Corporation as may be given by the Board in this behalf and to allocate duties to the staff and make such other arrangements as may be necessary for the efficient discharge of the functions of the Corporation; and
(iv) to incur such expenditure as may be necessary for the day-to-day administration of the office of the Corporation, subject to the approval of the Chairman in the case of any item costing more than Rs.1,000.

Provided that the Managing Director, or in his absence, an officer of the Corporation nominated by him in his behalf, and where no nomination has been so made the Chairman of the Corporation shall have the power to transact all the usual business of the Corporation, other than business relating to granting of loans or advances to industrial concerns which may be transacted by the Executive Committee, if in the opinion of the Managing Director or such officer or Chairman, action cannot be deferred until the next meeting of the Executive Committee provided that such action is reported to the Executive Committee at its next meeting.

52. Manner and form in which contracts binding on the Corporation may be executed—Contracts on behalf of the Corporation may be made as follows:

(a) Any contract which is by law required to be in writing may be made on behalf of the Corporation in writing, signed by the Managing Director or by the Secretary, where so authorised by the Managing Director in writing, and may in the same manner be varied or discharged.

(b) Any contract which would be valid if made by parol only may be made by parol in on behalf of the Corporation by the Managing Director or by the Secretary, where so authorised by the Managing Director in writing, and may in the same manner be varied or discharged.

53. Accounts receipts and documents of the Corporation by whom to be signed—The Managing Director, or such other officer of the Corporation as the Board may, by notification in the official Gazette to authorise in this behalf, may issue, execute, endorse and transfer promissory notes, bonds, stock receipts, stock debentures, shares, securities and documents of title to goods standing in the name of, or held by, the Corporation, and to draw, accept and endorse bills of exchange and other instruments in the current and authorised business of the Corporation and to sign all other accounts, receipts and documents connected with such business.

54. Plaints etc. by whom to be signed—Plaints, written statements, vakalatnamas, affidavits and all other documents connected with
legal proceedings may be signed and verified on behalf of the Corporation by the Managing Director or by such other officer as may be empowered by the Board, by notification in the Uttar Pradesh official Gazette, in this regard.

55. In the event of there being a vacancy in the office of the Managing Director, his powers and duties under these Regulations shall, until such time as the vacancy lasts, for the purposes of Regulation 38, be exercisable by the Chairman and in all other cases by such Director including the Chairman or officer of the Corporation, as the Board may appoint in this behalf.

56. Common seal of the Corporation—(i) The common seal of the Corporation shall not be affixed to any instrument except pursuant to a resolution of the Board and except in the presence of the Managing Director and one more director who shall sign their names to the instrument in token of their presence, and such signing shall be independent of the signing of any person who may sign the instrument as a witness. The instrument shall be of no validity unless signed as in the manner aforesaid.

(ii) The common seal of the Corporation shall be affixed to the share certificates issued by the Corporation and may be used for such other purposes as may be approved by the Board.

57. Service of notice to shareholders: (i) A notice may be given to a shareholder by sending it by post to his registered address or by advertisement in one of the principal newspapers circulating in the State of Uttar Pradesh.

(ii) Any notice, if served by post, shall be deemed to have been served on the third day following that on which it was posted, and in proving such service it shall be sufficient to prove that the notice was properly addressed and posted. Any notice given by advertisement shall be deemed to have been given by the date on which the advertisement first appeared.

(iii) Any notice given in accordance with the foregoing provisions shall be deemed to have been duly given notwithstanding that the shareholder be then deceased and whether or not the Corporation had notice of his deceased and shall in that case be deemed to be a notice to his legal representatives.

(iv) All notices with respect to any registered shares to which persons are jointly entitled shall be given to whoever of such persons is named first in the register maintained under regulations 8, 9, and notice so given shall be sufficient notice to all the holders of the said shares.

(v) The signature to any notice to be given by the Corporation may be written or printed or be affixed in any other manner.

58. Service of notice to Corporation—A notice may be served on the Corporation by delivering it to an authorized official of the Corporation at, or by sending it by registered post to the Head Office of the Corporation.

59. Accounts—The Board shall cause the accounts to be kept of the assets and liabilities and receipts and expenditure of the Corporation.

60. Annual Statement of Accounts—The Board shall cause the books of the Corporation to be balanced on the last day of the month of March in each year and the annual accounts shall be set out as follows:

(a) a balance-sheet in the form specified in Schedule "A" annexed hereto;

(b) a Profit and Loss account for the year in the form specified in Schedule "B" annexed hereto.

61. Returns—(i) The statement to be made under sub-section (1) of section 38 of the Act shall be in the form specified in Schedule "C" annexed hereto and the statements to be made under sub-section (3) of the same section shall be in forms set out in Schedules A and B.
(ii) The statement to be furnished by the Corporation under sub-section (2) of section 38 of the Act showing the classification of the loans and investments made by the Corporation, the loans guaranteed by it and the underwriting agreements entered into by it shall be in the form specified in Schedule "D" annexed hereto.

62. **Dividends:** (i) Dividends shall be declared and paid as soon as may be, after the closing of the annual accounts.

(ii) No interest shall be payable by the Corporation on any dividend.

(iii) Any one of several persons who are registered as joint-holders of any share may give effectual receipts for all dividends in respect of such shares.

(iv) A dividend shall be paid by cheque or warrant drawn on the Corporation's bankers at the place where its Head Office is situate, and shall be sent to the registered address of the share-holder entitled, or in the case of joint-holders, to the registered address of the one whose name stands first on the register in respect of the joint-holding, and every cheque or warrant so sent shall be made payable, to the order of the share-holder to whom it is sent.

(v) The Corporation shall not make payment of dividend to any person not entitled thereto under the Act or these regulations, but shall retain the same and make payment thereof to the person who next becomes registered in respect of the shares on which such dividend is payable.

(vi) No share-holder shall be entitled to receive payment of any dividend in respect of his shares until all moneys due or owing by him to the Corporation in respect of such shares have been paid.

63. **Accrual of dividend.**—Dividend will accrue and be paid from April 1, 1955, and no share-holder shall have any right to claim dividend for any period prior to that date.

GOVERNMENT OF UTTAR PRADESH

Home Department (Police-A)

No. 1212/VIII—220-54

Dated Lucknow, May 7, 1955

RESOLUTION

I. General condition—There was a perceptible improvement in the economic situation brought about by falling prices of cereals and other commodities. The general law and order situation remained satisfactory on the whole except for a few sporadic incidents involving students, a minor communal trouble in Budaun and an attempt to create an agitation among a section of the Kisans in the eastern districts. There was no labour trouble of any significance but wranglings at Kanpur did continue. The elections to local bodies which were held during the year passed off peacefully. Efforts to secure greater co-operation of the public by the police continued and Village Defence Societies helped considerably towards the achievement of this end.

II. Crime—Crime showed a slight decrease, there being 63,347 cognizable cases registered during the year as against 65,338 in 1952 and 70,485 in 1951. As a result, the incidence of crime per 10,000 of population came down to 11 as against 12 in 1952. This steady decline under the various categories of crime did not, however, affect dacoities which showed an increase. This is a matter for concern and concerted efforts must be made with public co-operation to check this form of crime. The Police conducted anti-dacoity operations vigorously throughout the year and as a result were able to smash a number of gangs. The most outstanding event of the year was the annihilation of the gang of Chama Mallah after a brave encounter lasting for several hours. The operations against the formidable and desperate gang of Man Singh resulted in the liquidation of some of the followers but the leaders continue to elude the police. It is felt that more vigorous effort will be necessary to put an end to this menace. The pluck, gallantry and devotion to duty shown by members of the force in encounters with desperate criminals in the course of which some members of the force lost their lives or received injuries deserve high appreciation and are worthy of emulation. The increasing co-operation of the people of the rural areas in fighting crime was a heartening feature of the year.
III. Detection—There was some improvement in the percentage of convictions as compared to reports and to the cases investigated. An unfortunate feature, however, is the steady decline over the last several years in the percentage of convictions in the number of cases decided in Courts. Government hopes that the steps taken to improve the standard of investigation and prosecution of cases in Courts of Law will bring about an improvement in the situation. But it is to be noted that success will be dependent on the degree of public co-operation received by the police.

IV. Preventive action—The number of persons sent up both under section 109 and section 110, Code of Criminal Procedure as well as the number bound down was the largest in the last three years. This shows definite improvement.

V. Criminal Investigation Department—In spite of very heavy work and numerous difficulties the branch continued to discharge its duties with the utmost efficiency and rightly received public appreciation for its integrity and impartiality. The establishment of an anti-corruption section in the Criminal Investigation Department is a step forward towards the eradication of corruption in the police force.

VI. Provincial Armed Constabulary—In conformity with the Government policy to effect economy in public expenditure as far as may be possible the strength of the Provincial Armed Constabulary was further reduced to 54 companies. The valuable work done by the Provincial Armed Constabulary in the Nepal territory against Bhim Dutt and his followers has earned the gratitude and appreciation of the Nepal Government. Inside the State the force continued to be employed on anti-dacoity operations in the Chambal ravines against Man Singh and his gang. The Provincial Armed Constabulary also did considerable useful work in the operations against the Rai Sikh criminals in the Tarai Bhabar area.

VII. Police Radio Section—The police net work continued to expand and during the year the total number of radio stations rose to 115. The medium of radio communication was gainfully utilized in connection with the operations in Nepal and in the Chambal ravines and in the Kumbh Mela at Allahabad.

VIII. Relations with public—Particular emphasis was laid on this aspect of the working of the police on which depends, to a very large extent, the success of the force. Besides other measures adopted to achieve this end, the Village Defence Societies will, it is hoped go a long way towards improving the relations between the police and the public.

IX. Discipline—The total number of persons who were either dismissed or punished otherwise was the highest during the last three years. This is an indication of the fact that the drive for securing a pure and efficient force continued relentlessly with satisfactory results.

X. Rewards—Three Sub-Inspectors and one constable were awarded the Police Medal for gallantry while four officers received the Police Medal for long and meritorious services.

XI. Casualties—Government note with regret that one Sub-Inspector, one head constable, two constables and three village chauri chauri were killed while six Sub-Inspectors, four head constables, 53 constables and six village chauri chauri received injuries in the discharge of their duties and wish to place on record their appreciation of the high sense of duty shown by them.

Conclusion—The Governor notes with gratification the progress made by the police and their achievements during the year and hopes that the sense of loyalty and devotion towards duty exhibited by the force as a whole will continue to be their guiding principle in the service of the nation.

A. N. CHOPRA, Director.
Monthly Agricultural Report of Uttar Pradesh for the month of May, 1955

I—Season

During the first and fourth weeks of the month under report there were scanty and scattered showers of rain in about one-third of the districts of the State and no rain in the rest. During the second and third weeks, there were only sporadic showers in a few districts while the large majority of districts remained dry and hot. The total rainfall for the month was moderate to large defect of the normal in all the districts of the State. The weather remained dry and hot with "loo" and occasional dust-storms during the month.

II—Agricultural Operations

Preparation of land for the next kharif crops was in progress in a number of districts and the sowing of early kharif crops also commenced. Harvesting of rabi crops was over and the corn harvest was in progress in a number of districts. The standing sugarcane and rabi crops were being irrigated in a large majority of districts.

III—Standing Crops

The condition of the standing sugarcane and rabi crops was generally satisfactory. A little damage to rabi crops had been caused in the Etah District owing to non-availability of water from canals.

IV—Prospects of harvest

The condition of the livestock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the Table given below, which has been prepared from the data furnished by the District Agriculture Officer, Meerut District. According to the reports received from the Entomologist to Government, U. P., field rats caused damage to the sugarcane crop in a few districts. Attack of pyrilla and termites on the standing sugarcane and rabi crops was also reported from several districts. Control measures against these pests were undertaken by the Plant Protection Service, U. P.

V—Damage to Crops

Damage to harvested crop lying on the threshing floor was caused by hailstorm in certain parts of Meerut District. According to the reports received from the Entomologist to Government, U. P., field rats caused damage to the sugarcane crop in a few districts. Attack of pyrilla and termites on the standing sugarcane and rabi crops was also reported from several districts. Control measures against these pests were undertaken by the Plant Protection Service, U. P.

VI—Agricultural Stock

The condition of the livestock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the Table given below, which has been prepared from the data furnished by the District Agriculture Officer, Meerut District. According to the reports received from the Entomologist to Government, U. P., field rats caused damage to the sugarcane crop in a few districts. Attack of pyrilla and termites on the standing sugarcane and rabi crops was also reported from several districts. Control measures against these pests were undertaken by the Plant Protection Service, U. P.

VII—Pasturage and fodder

Pasturage and fodder were reported to be generally adequate in almost all the districts of the State except a few from where scarcity of pasturage was reported.

VIII—Health and Labour in Rural Areas

The health of the labouring population engaged in agriculture in rural areas was reported to be generally satisfactory.

GOVERNMENT OF UTTAR PRADESH

REVENUE (C) DEPARTMENT

No. 3033/IC—478-C-54

July 27, 1955

RESOLUTION

RESOLUTION

Reports received from the Land Reforms Commissioner, Uttar pradesh, on the administration of Government Estates and Stone Mahal, Mirzapur, during the financial year March 31, 1954.

1. Observations—The year opened with 551 estates but closed with 541, ten estates, however, ceased to be managed as Government Estates. The major Government Estates are:

1. Tarai and Bhabar Government Estates, Naini Tal.
4. Ilhaq Kham, Raipur.
5. Manzanari villages of the erstwhile Banaras State.

2. Cultivated area—The total area under cultivation in Government estates during the year under report was 10-13 lakh acres, as compared to 9-90 lakh acres in 1952-53. The increase is mainly due to reclamations of wasteland in Tarai and Bhabar Estates.

3. Income and expenditure—The receipts during the year decreased from 90-91 lakhs in 1952-53 to 86-92 lakhs in 1954-55. The decrease in income is mainly due to the following reasons:

(i) The income of Tarai and Bhabar Estates decreased by 6-39 lakhs mainly because of non-payment of 5-44 lakhs by the Indian Wood Products Co., Bareilly, on account of the price of Khair trees sold to the Company.

(ii) The expenditure decreased from 24-53 lakhs to 22-79 lakhs. The decrease is mainly due to the following reasons:

(i) During 1952-53, the Executive Engineer, Tarai and Bhabar Government Estates purchased materials worth 1 lakh. The expenditure on works items decreased by 1 lakh.

(ii) The cost of management of the estates by the Court of Wards.

4. Collections—The collection of the rental demand was 99-31 per cent in Ghuzipur, 99-91 per cent in Naini Tal, 99-92 per cent in Banaras and 92-75 per cent in Allahabad.

5. Public Health—Public Health was, on the whole, satisfactory. In Tarai and Bhabar Estates, the number of births and deaths was 1,779 and 747, respectively against 1,959 and 1,155 during the previous year. Next to malaria which has been largely controlled, the Chief Public Health problem of Tarai and Bhabar is water-borne diseases, particularly dysentery and typhoid fevers to which special attention was paid. There was an outbreak of cholera in two villages of tahsil Bazpur, but no death occurred. There were nine seizures with one death from small-pox in Tarai and Bhabar. In Dudhi, there were five deaths from cholera and two from small-pox.

The leper-sanatorium in Tarai and Bhabar continued to work satisfactorily. The lepers are provided with land for growing vegetables and fruits for themselves.
They were also encouraged to do poultry rearing and breeding of goats.

Eye Relief Camps were organized at Haldwani, Ramnagar, Tanakpur and Ranipur. Arrangements were also made for B. C. G. Vaccination in Tarai and Bhabar Estates.

6. Education—In Tarai and Bhabar Estates, the number of schools increased from 194 to 209 and the number of scholars from 5,843 to 6,779. The schools were regularly inspected by the members of the District Inspecting Staff. Scholarships were as usual, granted to deserving scholars. In Dudhi Estates, 20 primary schools with 45 teachers continued to function satisfactorily. Of the six primary schools of Garhwal Bhabar Estate, one has been transferred to the Notified Area Committee, Kotdwara. The remaining five schools functioned satisfactorily.

7. Co-operation: Co-operative Bank—(a) The number of Societies affiliated to the Tarai and Bhabar Central Co-operative Bank Ltd., Haldwani, increased from 281 to 385. The reserve and other funds increased by Rs.10,403.

(b) Co-operative Societies—The number of Societies in Tarai and Bhabar increased from 248 to 251, and their membership from 2,701 to 2,718.

(c) Marketing Unions—With the exception of Haldwani Union, which is at a standstill, all the Marketing Unions and Sanghs worked satisfactorily. The peasantry is greatly interested in Marketing Unions, and the two Unions at Kasol and Ramnagar are doing excellent work. The supply of milk at Naini Tal, was greatly improved by the Co-operative Milk Union. In Dudhi Estate, 3 Seed Stores, 5 Block Unions and one Central Banking Union worked satisfactorily under the Co-operative Department.

8. Agriculture—The agricultural conditions were, on the whole, satisfactory. In Tarai and Bhabar, adequate quantities of seeds were sown, though winter rains were followed by hailstorm which caused damage to Rabi crops in some parts of the Estates. The 12 Seed Stores in Tarai and Bhabar continued to function satisfactorily. The total quantity of seed distributed during the year amounted to 14,029 mounds. Besides this, 2,354 mounds of fertilizers and 680 implements were supplied to the cultivators. The cultivation of Moong, cotton and jute was introduced in Tarai and Bhabar. Moong and cotton have given satisfactory results, while jute cultivation gave considerable difficulty for want of skilled labour. The Rural Development Association, Tarai and Bhabar, continued to function satisfactorily. In Dudhi Estate, rains were scanty, unseasonal, and scattered, and were not conducive to proper development of crops. The irrigated area increased from 910 acres to 945 acres.

9. Animal Husbandry—The Tarai and Bhabar Estates continued to maintain their Veterinary Hospitals. A part from these, there are seven Cattle Welfare Units working under the Veterinary Stockman. Two Artificial Insemination Centres in Tarai and Bhabar Estates, artificially inseminated 209 cows and 354 buffaloes. Seven Cattle Shows were also organized in Tarai and Bhabar during the year under report. In Garhwal Bhabar Estate, the Veterinary Hospital at Kotdwara has been rendering good service. In Dudhi, the Veterinary Hospital continued to function satisfactorily. It has a staff of one Assistant Surgeon, one Compounder and two Stockmen. Thirteen thousand, one hundred and twenty-one cases were treated in the hospital as against 4,130 of the previous year. The number of animals castrated was 556 as against 485 of the last year.

10. Cottage Industries—In Tarai and Bhabar Estates, fruit-culture, poultry-farming, bee-keeping and wool-spinning and weaving received due attention as cottage industries. The number of improved bee-hives increased from 313 to 539. There is a good field for wood industry at Kotabagh. Steps are being taken to appoint a Weaving Master at Kotabagh Circle.

11. Development Schemes—In Tarai and Bhabar Estates, a sum of Rs.1,35,555 was spent on Public Health Scheme (Travelling Compounds), wire-fencing, construction of one tube-well and 2 artesian wells. In addition to this, the following works were carried out in Tarai and Bhabar under the State Five-Year Plan at a cost of Rs.1,41,952:

   (a) 45 miles of channels were lined and 5 for¬longs were restored;
   (b) 3 cement concrete wells were constructed;
   (c) 84 hand-pumps were sunk in Tarai.
   (d) 95 hand-pumps were repaired and re¬fixed;
   (e) 3 unsaury wells were constructed.

In Garhwal Bhabar Estate, a sum of Rs.1,01,016 was spent on the Rigaddi Drinking Water Supply Scheme, which was started two years back. The Scheme could not be completed due to non-availability of parts which had to be requisitioned from foreign countries. In Dudhi Estate, Rs.39,000 was spent on construction of wells under the Five-Year Plan, a sum of Rs.10,000 was given to the District Planning Committee for construction of bunds and an amount of Rs.4,500 was spent on repairs.

12. Forests—In Tarai and Bhabar Estates, timber worth Rs.75,557 was supplied from forest free of cost, to the inhabitants of the Estates and 76,393 casks were allowed to graze free.

13. Other important activities—(i) Officers of the Tarai and Bhabar Government Estates have been located at Haldwani permanently.

(ii) The work of allotting land in the recently disinfected areas in Tarai and Bhabar Estates continued.

14. General—The Governor places on record his thanks to the Land Reforms Commissioner, the District Officers and other officers responsible for the adminis¬tration of Government Estates.

Ordered that a copy of this resolution should be forwarded to the Land Reforms Commissioner, Uttar Pradesh, for his information.

Ordered also that a copy of the resolution should be forwarded to the Deputy Commissioners, Naini Tal and Garhwal, and the Collector, Mirzapur for information.

Ordered also that this resolution should be published in the Uttar Pradesh Gazette.

The Uttar Pradesh Gazette, August 6, 1955 (Part VIII)
Lucknow:
August 11, 1955.

A. N. Chopra,
Director of Medical and Health Services, Uttar Pradesh.
MONTHLY AGRICULTURAL REPORT OF UTTAR PRADESH FOR THE MONTH OF JUNE 1955

I—Season

During the first week of the month under report there was no rain throughout the State. During the second week there were light showers to moderate rains in all the districts of the State. During the third and fourth weeks, there was heavy rain in some districts, mostly eastern, and moderate rain in the rest owing to the setting in of the monsoons. The total rainfall for the month was in slight to moderate defect of the normal in the western and hilly districts of the State and in moderate to large excess of the normal in the rest. The weather remained partly hot and partly cloudy.

II—Agricultural Operations

Preparation of land for, and sowing of the kharif crops were in full swing in a large majority of districts. Harvesting of zaid crops was practically over in the State. Irrigation of the standing sugarcane and newly sown kharif crops was resorted to in a few districts where there had not been adequate rains.

III—Standing Crops

The condition of the standing sugarcane and early kharif crops was generally satisfactory. Though locust swarms visited the Jalaun and Azamgarh districts, no damage was caused to the crops. Heavy rains in the second fortnight of the month were reported to have slightly damaged the standing early kharif crops in the Gorakhpur District.

IV—Prospects of Harvest

The condition of the standing sugarcane and early kharif crops was generally satisfactory. Though locust swarms visited the Jalaun and Azamgarh districts, no damage was caused to the crops.

V—Damage to Crops

According to the report received from the Entomologist to Government, Uttar Pradesh, field rats caused localized damage to the sugarcane and tobacco crops in a few districts. Localized attacks of pyrrhal, top-borer and root-borer on the sugarcane crop were also reported from several districts. Control measures against these field rats and pests were undertaken by the Plant Protection Service, Uttar Pradesh.

VI—Agricultural Stock

The condition of the livestock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry, and Fisheries, Uttar Pradesh. It would appear from this table that as compared with the previous month, there was a decrease of 29-2 per cent in the total number of seizures and an increase of 69-3 per cent in the total number of deaths causing mortality to rise from 7 to 17. As regards Anthrax, there was a decline of 25-5 per cent in the number of seizures and of 21-5 per cent in the number of deaths, in consequence of which mortality registered only a slight rise from 96 to 97. In the case of Haemorrhagic Septicaemia, the number of seizures and deaths were respectively 3-9 and 4-2 times those in the previous month and mortality rose from 78 to 84. As regards Black Quarter, there was a decrease of 32-1 per cent in the number of seizures and of 30-9 per cent in the number of deaths whereas mortality recorded only a slight rise from 96 to 98. In the case of Rinderpest, the number of seizures and deaths were respectively 1-5 and 1-8 times those in the previous month with the result that mortality rose from 53 to 65. As for Foot and Mouth disease, both the number of seizures and deaths decreased by 31-0 and 64-0 per cent respectively resulting in the mortality declining from 0-35 to 0-21. There were no cases of seizures or deaths from other diseases during this and the preceding months.

VII—Pasturage and Fodder

Pasturage and fodder were reported to be generally adequate in almost all the districts of the State.

VIII—Health and Labour in Rural Areas

The health of the labouring population engaged in agriculture in rural areas was reported to be generally satisfactory.

LUCKNOW:  
August 18, 1955.

A. N. CHOPRA,  
Director.
Rainfall was 77 per cent in defect over the plains and 13 per cent in defect over the hills. Fairly widespread rain occurred in the Kumaon Hills on 1st and 2nd and scattered light rain on 3rd, 16th, 17th, 20th, 26th, and 29th. Over the plains scattered light rain occurred on 1st, 2nd and 17th. Otherwise weather remained dry during the month.

The rainfall was in moderate defect in the Kumaon and Meerut Divisions and in large defect elsewhere.

While the mean monthly maximum and minimum temperatures were above normal, the relative humidity and cloud amounts were normal.

**LUCKNOW:**

A. N. CHOPRA, Director,

September 1, 1935,
MONTHLY AGRICULTURAL REPORT OF UTTAR PRADESH FOR THE MONTH OF JULY, 1955

I—Season

During the first week of the month under review there were heavy rains in the large majority of districts and moderate rains elsewhere. During the second week there were widespread and heavy rains in many districts and light to moderate rains in the rest. During the third week there were widespread and unusually heavy rains in practically all the eastern districts and light showers to moderate rains in the rest. During the fourth week there were generally light showers to moderate rains in many districts and heavy rains in a few districts. Rains during the last two weeks were generally inadequate in the western districts where more rains were badly needed. The total rainfall for the month was in slight excess of the normal in some districts, mostly western and in slight to very large excess of the normal in the rest. The weather remained cool and cloudy throughout the month. The annexed statement shows the districtwise distribution of the rainfall in inches during the month.

II—Agricultural operations

Sowing of Kharif crops was in progress in the majority of the districts and was practically over by the end of the month except for some late Kharif crops. Transplantation of paddy had also commenced. Preparation of the seed bed for the next Rabi crops started in a few districts. All the agricultural operations were held up in certain parts of some eastern and Oudh districts which were affected by unprecedented floods and excessive rains. The weeding operations of the standing Kharif crops were in progress. Irrigation of the standing Kharif crops, particularly sugarcane, was resorted to in a few western districts.

III—Standing crops

The condition of the standing crops was reported to be generally satisfactory in the majority of the districts. However, owing to excessive rains and floods, extensive and severe damage was caused to the standing crops in the eastern districts particularly in Faizabad, Jaunpur, Gorakhpur, Basti, Azamgarh, Deoria, Sultanpur, Pratapgarh and Allahabad.

IV—Prospects of Harvest

Besides the damage noted in the preceding section by heavy rains and floods in the eastern districts the standing Kharif crops in the western districts were adversely affected on account of inadequate rains. According to the report received from the Entomologist to Government, Uttar Pradesh field rats caused damage to the sugarcane, groundnut, jute, and maize crops in a few districts. Attacks of pyrilla, top borer and other pests on the sugarcane, groundnut, juar, and maize crops resulted in the standing crops in the western districts particularly in Faizabad, Jaunpur, Gorakhpur, Basti, Azamgarh, Deoria, Sultanpur, Pratapgarh and Allahabad.

V—Damage to crops

The condition of the livestock was reported to be generally satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the Table given below, which has been prepared from the mortality report of the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would appear from this table that as compared with the previous month, there was a decline of 25-4 per cent in the total number of seizures, but the total number of deaths was about 3-8 times that of the previous month, with the result that mortality rose from 17 to 62 per cent. As regards Anthrax, the number of seizures and deaths were about 4-9 times and 3-6 times respectively of those in the previous month which resulted in the rise of mortality from 5-2 to 10-0. As for Haemorragic Septicemia, the number of seizures and deaths were both practically about 5-7 times those of the previous month, but mortality remained stationary at 8-9. As for Rinderpest, there was a decline of 17-5 per cent in the number of seizures and of 18-9 per cent in the number of deaths, resulting in the mortality from 10-5 to 1-8. As for Other Diseases, the number of the seizures and deaths were about 5-4 times the previous month, with the result that mortality rose from 17-5 to 62 per cent.

VII—Agricultural Stock

The health of the livestock was in the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the Table given below, which has been prepared from the mortality report of the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would appear from this table that as compared with the previous month, there was a decline of 25-4 per cent in the total number of seizures, but the total number of deaths was about 3-8 times that of the previous month, with the result that mortality rose from 17 to 62 per cent. VI—Pasturage and fodder

Pasturage and fodder were reported to be generally adequate in almost all the districts of the State except in the flood affected western districts where scarcity of both these was felt.
The health of the labouring population engaged in agriculture in rural areas was affected by excessive rains and floods.

### OFFICE OF THE REGISTRAR OF TRADE UNIONS, UTTAR PRADESH

**Notice under section 10(6) of the Indian Trade Unions Act, 1926**

WHEREAS the Municipal Shiksha Vibhag Kanpur Union, Moradabad, registered as a Trade Union under no. 799 of 1949-50 was impacted on 26th June, 1955, and no action was taken to get the changed name registered. Therefore the Assistant Trade Unions Inspector went on 25th September, 1954 to inspect the records of this Union and also to see whether the records of the Union were kept properly and provisions of the constitution compiled with or not but no officer of the Union presented himself to get the records of the Union inspected. The Assistant Trade Unions Inspector went again for inspection on 15th January, 1955, but no one attended nor did anybody show any register of absence implying of an advance notice to the Union. The Assistant Trade Unions Inspector went to the registered office of the Union and tried to contact the President but with no result. It appears from the above that the Union has now ceased to exist.

And whereas for the aforesaid reason a notice under section 10(6) of the Indian Trade Unions Act, 1926 was given to the Union to show cause to the undersigned within two months of the receipt of the notice why the registration of the Union be not cancelled on the ground that the Union has now ceased to exist. But no reply was received through the period of notice expired on 15th June, 1955.

Now therefore, the registration of the Municipal Shiksha Vibhag Kanpur Union, Moradabad, is hereby declared as cancelled. Dated the 24th August, 1955.

WHEREAS an inspection made by the Assistant Trade Unions Inspector of the Meerut Roadways Workers Union, Meerut, Delhi Branch which is registered as a Trade Union under no. 550 of 1954-45 it was revealed that the said Union has shifted its office from Delhi to Meerut and has neither called any meeting and affect this to my office nor has got the above amendment registered in article 2 of the registered constitution. Therefore he has brought this matter to the notice of the Government of Uttar Pradesh under the Indian Trade Unions Act, 1926 in this respect. The Amts Trail went to the ground that the Union had now ceased to exist. But no reply was received through the period of notice expired on 15th June, 1955.

Now therefore, the registration of the Meerut Roadways Workers Union, Meerut, Delhi Branch has thus contravened the provisions of Rule 10 of the U.P. Trade Unions Regulations, 1947.

Notice under section 10(6) of the Indian Trade Unions Act, 1926, is therefore hereby given to the Meerut Roadways Workers Union, Meerut, Delhi Branch, to show cause to the undersigned on or before the expiry of two months from the date of receipt of this notice, why the certificate of registration granted to it should not be cancelled.

WHEREAS the Uttar Pradesh Public Works Department, Irrigation Branch, Tube-well Technical Employees Association, Ujjain, registered as a Trade Union under no. 798 of 1949-50, has committed a breach of section 28 of the Indian Trade Unions Act, 1926 XIV of 1926, read with Regulation 17 of the Regulations under the said Act by failing to submit to the undersigned a corrected Annual Return for the year ended with the 31st March, 1955. Therefore the registration of the Municipal Shiksha Vibhag Kanpur Union, Moradabad, is hereby declared as cancelled. Dated the 27th August, 1955.

LUCKNOW:

October 13, 1955

A. N. CHOPRA, Director;

I—Season

During the first fortnight of the month under report there were moderate to heavy rains in many districts and light to moderate rains in the rest. During the second fortnight, there were light to moderate rains in the majority of districts and sporadic showers to light rains in the rest. The total rainfall for the month was in slight to large excess of the normal in the majority of districts and in slight to moderate defect of the normal in the rest. The weather remained sultry throughout the month. The annexed statement shows the districtwise distribution of rainfall in inches during the month.

II—Agricultural operations

Preparation of land for the next rabi crops continued in the large majority of districts. Sowing of kharif crops and transplantation of late paddy remained in full swing in many districts and were practically over by the end of the month. The weeding operations of the standing kharif crops continued in certain districts. Harvesting of maize started in a few districts. Due to excessive rains and floods, the agricultural operations were held up in many districts, particularly in eastern U. P.

III—Standing crops

The condition of the standing crops and their prospects of cuttbn were reported to be generally satisfactory except in areas which were adversely affected by heavy rains and floods. Severe and extensive damage to the standing crops was caused as a result of floods and water-logging in the low-lying areas of Fazilabad, Jaunpur, Gorakhpur, Basti, Azamgarh, Deoria, Sultanpur, Pratapgarh, Allahabad, Banswara, Gonda, Bahraich and Ballia districts. On the other hand, some damage to paddy crop was reported from the districts of Naini Tal, Mainpuri and Moradabad due to scanty rains.

IV—Prospects of harvest

Damage caused to the standing kharif crops by floods, water-logging and scarcity of rains has already been described above. According to the report received from the Entomologist to Government, U. P., field rates caused damage to juwar, maize, paddy, sugarcane and groundnut crops in some districts. Attacks of rice shoot borer and sugarcane, of cassava bug on paddy and sugarcane and of kharif grass-hoppers on juwar, maize and sugarcane were reported from several districts. Control measures against these field rats and pests were undertaken by the Plant Protection Service, U. P.
VI—Agricultural stock

The condition of livestock was on the whole satisfactory, although cattle diseases have, as usual, been reported in a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding month are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, U. P. It would appear from this table that, as compared with the previous month, the total number of seizures and deaths were 3-1 times and 2-0 times respectively of those in the previous month, resulting in a fall in mortality from 100 to 82. As regards Anthrax, there was a decline of 64 per cent in the number of seizures and of 89 per cent in the number of deaths, resulting in a fall in mortality from 100 to 82. As regards Diarrhoea and enteritis, both the number of seizures, as well as deaths, were about 3-2 times those in the previous month, but mortality declined from 85 to 69. The number of seizures and of deaths from Foot-and-mouth disease were respectively 81 times and 12 times those in the previous month, but mortality rose from 0.29 to 0.58. As for other diseases, there were no cases of seizures or deaths during this month, except against 4 and 5 respectively in the preceding month.

**LUCKNOW**

**MONTHLY AGRICULTURAL REPORT OF UTTAR PRADESH FOR THE MONTH OF SEPTEMBER, 1955**

I—Season

During the first and third weeks of the month under review, there were light to moderate rains in almost all the districts of the State. During the second and fourth weeks, there were moderate to heavy rains in the large majority of districts and light rains in the rest. The weather remained cool and cloudy throughout. The total rainfall for the month was in slight to large excess of the normal in the majority of the districts and in defect of the normal in the rest. In the annexed statement is given the districtwise distribution of rainfall in inches during the month.

II—Agricultural Operations

Heavy rains during the month generally delayed agricultural operations in the majority of districts. However, the cultivators remained busy in preparing land for the next kharif crops. Harvesting of maize, early paddy, and other early kharif crops was going on. Sowing of grain and potatoes and picking of cotton started in some areas.

III—Standing Crops

and

IV—Prospects of Harvest

The condition of standing crops and their prospects of cutturn were reported to be generally satisfactory except in areas which were adversely affected by excessive rains and floods. Further reports of damage to the standing crops, viz., paddy, sugarcane, bajra and pulses by water-logging due to heavy rains were received from the Muzaffarnagar, Meerut, Bulandshahr, Aligarh, Mathura, Agra, Etah, Allahabad, Gorakhpur and Azamgarh districts. However, the condition of the sugarcane and paddy crops in the uplands is reported to be satisfactory in the remaining districts. On the basis of the reports received so far from the District Officers, the average rains condition (expressed as percentage) of the kharif crops in the State is roughly estimated at 77 per cent of the normal.

V—Damage in Crops

Damage to the standing kharif crops by excessive rains and floods, resulting in water-logging in low-lying areas, has been described above. According to the report for the month under review received from the Entomologist to Government, U.P., field rats caused stray damage to paddy and sugarcane crops in a few districts. Stray attacks of grasshoppers on paddy, cotton and sugarcane, of guinea pig on paddy, of puppils on sugarcane, red cotton bug and cotton leaf roller on cotton, and of termites on groundnut were reported from several districts. Control measures against these field rats and pests were undertaken by the Plant Protection Service, U.P.

VI—Agricultural Stock

The condition of livestock was on the whole satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the preceding months are presented in the Table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, U.P. It would appear from this Table that, as compared with the previous months, the total number of seizures recorded an increase of about 16 per cent and the total number of deaths a decline of about 21 per cent resulting in a fall in mortality from 49 to 27.

As regards Anthrax, there was an increase of 10.1 per cent in the number of seizures and of 22.8 per cent in the number of deaths, resulting in a rise in mortality from 7.2 to 27. As for Haemorrhagic Septicemia, there was a fall of 21 per cent in the number of seizures and of 21.3 per cent in the number of deaths, resulting in a fall in mortality from 82 to 81.

As for Rinderpest, there was a decrease of about 18 per cent in the number of seizures and of 19 per cent in the number of deaths, resulting in a fall in mortality from 82 to 79.

As regards Peste Vaccinal, there was a fall of 18 per cent in the number of seizures and of 20 per cent in the number of deaths, resulting in a fall in mortality from 82 to 81. As for Foot-and-mouth disease, there was a decrease of 10.6 per cent in the number of seizures and of 18.3 per cent in the number of deaths, resulting in a fall in mortality from 72 to 70.

As for Anthrax, there was a decrease of 15.7 per cent in the number of seizures and of 19.1 per cent in the number of deaths, resulting in a fall in mortality from 82 to 78.

As for Rinderpest, there was a decrease of 15.7 per cent in the number of seizures and of 19.1 per cent in the number of deaths, resulting in a fall in mortality from 82 to 78.

As for Anthrax, there was a decrease of 15.7 per cent in the number of seizures and of 19.1 per cent in the number of deaths, resulting in a fall in mortality from 82 to 78.

As for Rinderpest, there was a decrease of 15.7 per cent in the number of seizures and of 19.1 per cent in the number of deaths, resulting in a fall in mortality from 82 to 78.

As for Foot-and-mouth disease, there was a decrease of 10.6 per cent in the number of seizures and of 18.3 per cent in the number of deaths, resulting in a fall in mortality from 72 to 70.
### VII—Pasture and Fodder

Pasture and fodder were reported to be generally adequate except in the flood-affected and waterlogged areas, where scarcity of both was felt.

### VIII—Health and Labour in Rural Areas

The health of the farming population engaged in agriculture in undamaged areas was reported to be generally satisfactory except in the districts affected by excessive rains and floods.

LOUCKOW:

November 12, 1957.

OFFICE OF THE REGISTRAR OF THE TRADE UNIONS.

Notice under section 10(6) of the Indian Trade Unions Act, 1926.

Whereas the Assistant Trade Unions Inspector inspected the Electric Supply Workers Union, Rampur, registered as a Trade Union under no. 404 of 1953-54, on the 8th September, 1955, and his spot enquiries revealed that no subscription had been received from members for the last two years, the cash-book and proceedings book have been maintained after 1953, and the other records have also not been kept properly. It, therefore, appears that the union has now ceased to exist.

And whereas the union has contravened the provisions of section 38 of the Indian Trade Unions Act, 1926, read with regulation 17 of the U.P. Trade Unions Regulations 1927, by failing to submit its Annual Return for the year 1954-55 up till now which was submitted by July 31, 1956.

Notice under section 10(6) of the Indian Trade Unions Act, 1926, is, therefore, hereby given to Electric Supply Workers Union, Rampur, to show cause within 2 months from the date of this notice, why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Brass Sheet Mill Workers’ Union, Moradabad, registered as a trade union under no. 124 or 1953-54, on 15th January, 1953, and his spot enquiries revealed that the Secretary of the union had taken no action to remove the deficiencies pointed out to him during the course of the last inspection of the union on the 27th May, 1954. At the time of the inspection the registration certificate and the copy of the registered constitution of the union were not found with the union. The union had no admission forms filled in by members, and it was also noticed that no meeting of the union had been conducted after the 15th December, 1953. No number of the union had paid any subscription for last 9 months, since the date of the last inspection of the union on the 27th May, 1954, by the prescribed date, viz. the 31st of July, 1955.

Notice under section 10(6) of the Indian Trade Unions Act, 1926, is, therefore, hereby given to the Brass Sheet Mill Workers’ Union, Moradabad, to show cause within 2 months from the date of this notice, why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Steel Sheet Mill Workers’ Union, Moradabad, registered as a Trade Union under no. 942 of 1951-52, on the 8th September, 1955, and his spot enquiries revealed that the Secretary of the union had not submitted by the prescribed date, viz. the 31st of July, 1955, notice under section 10(6) of the Indian Trade Unions Act, 1926, to the undersigned why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Electric Supply Workers Union, Rampur, registered as a Trade Union under no. 124 of 1953-54, on the 8th September, 1955, and his spot enquiries revealed that the Secretary of the union had not submitted by the prescribed date, viz. the 31st of July, 1955, notice under section 10(6) of the Indian Trade Unions Act, 1926, to the undersigned why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Glass Workers’ Union, Allahabad, registered as a Trade Union under no. 458 of 1953-54, on the 8th September, 1955, and his spot enquiries revealed that the Secretary of the union had not submitted by the prescribed date, viz. the 31st of July, 1955, notice under section 10(6) of the Indian Trade Unions Act, 1926, to the undersigned why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Glass Workers’ Union, Allahabad, registered as a Trade Union under no. 458 of 1953-54, on the 8th September, 1955, and his spot enquiries revealed that the Secretary of the union had not submitted by the prescribed date, viz. the 31st of July, 1955, notice under section 10(6) of the Indian Trade Unions Act, 1926, to the undersigned why the certificate of registration granted to it should not be cancelled.

Whereas the Assistant Trade Unions Inspector inspected the Glass Workers’ Union, Allahabad, registered as a Trade Union under no. 458 of 1953-54, on the 8th September, 1955, and his spot enquiries revealed that the Secretary of the union had not submitted by the prescribed date, viz. the 31st of July, 1955, notice under section 10(6) of the Indian Trade Unions Act, 1926, to the undersigned why the certificate of registration granted to it should not be cancelled.

MONTHLY AGRICULTURAL REPORT OF UTTAR PRADESH FOR THE MONTH OF OCTOBER, 1955

I—Season

During the first and second weeks of the month under report, there were widespread and heavy rains in a large number of districts of the State, mostly western and central, and light to moderate rains in the rest. There were practically no rains during the third and fourth weeks of the month throughout the State except for light showers in some districts during the third week. The weather during the second fortnight became cool and clear. The total rainfall for the month was in slight to large excess of the normal in almost all the districts except the three eastern districts of Banaras, Mirzapur and Jamun, where it was in deficit.

II—Agricultural Operations

The untimely and heavy rains during the first fortnight of the month generally delayed agricultural operations in the majority of the districts. However, in areas not affected by floods and water-logging, preparation of land for the next rabi crops was going on. In certain areas, sowing of mahu crops, particularly potatoes, peas and gram, had commenced. Whilst harvesting of early paddy was almost over, that of jowar and bajra had started. Picking of cotton was going on in some cotton-growing areas. Harvesting of mandau, maize and pulses was being done in the hilly districts.

III—Standing Crops

The condition of the standing crops was reported to be fairly satisfactory throughout the State except for the areas adversely affected by excessive rains. Floods and water-logging. The sugarcane and late paddy crops were, on the whole, doing well. The cotton, maize, jowar, bajra, early paddy and fodder crops sustained considerable damage as a result of excessive rains, particularly in the low-lying areas. On the basis of the reports received so far from the District Agricultural Officers of the important cotton-growing districts, the average area condition (expressed as percentage) of the cotton crop for the State is roughly estimated at 46 per cent of the normal.

IV—Prospects of Harvest

Heavy rains and floods during the first fortnight of the month caused considerable damage to the standing crops in several districts, particularly in the western and central parts of the State. During the second fortnight, some damage to the standing crops by rain and hailstorm was reported from the hilly tracts of the Dehra Dun District. The khariq crops also sustained some damage by rains in the Hamirpur District.

In accordance with the report received from the Entomologist to Government, U. P., stray reports of damage to the paddy and und crops by field rats

V—Damage to Crops

The condition of the standing crops was reported to be fairly satisfactory throughout the State except for the areas adversely affected by excessive rains. Floods and water-logging. The sugarcane and late paddy crops were, on the whole, doing well. VII—Agricultural Stock

The condition of the livestock was, on the whole, satisfactory although cattle diseases have, as usual, been reported from a number of districts. The figures for the number of seizures and deaths from pastoral diseases during this and the preceding months are presented in the table given below, which has been prepared from the data furnished by the Director of Animal Husbandry and Fisheries, Uttar Pradesh. It would appear from this table that, as compared with the previous month, the total number of seizures and deaths recorded a decline of 61-9 per cent and 65-8 per cent, respectively, resulting in a slight fall in mortality from 27 to 24.

As regards Anthrax, there were increases of 95-3 per cent and 95-1 per cent, respectively in the number of seizures and deaths, in consequence of which the mortality remained stationary at 97. As for Haemorrhagic Septicaemia, there was a fall of 62-8 per cent, in the number of seizures and a fall of 81-6 per cent, in the number of deaths, resulting in a rise in mortality from 81 to 90. As regards Black Quarter, there was a fall of 85-5 per cent in the number of seizures and a fall of 81-6 per cent in the number of deaths, resulting in a fall in mortality from 81 to 90. In regard to Rinderpest, there was a decline of 55-1 per cent, and 65-6 per cent, respectively in the number of seizures and deaths, but mortality registered a nominal fall from 61 to 60. As regards Foot-and-mouth disease, the number of seizures and deaths recorded decreases of 63-3 per cent and 74-0 per cent, respectively, which led to a fall in mortality from 0-12 to 0-08. As for other diseases, the number of seizures and deaths recorded increases of 70-0 per cent and 5-9 per cent, respectively, but mortality fell from 1-00 to 0-92.

GOVERNMENT RESOLUTION ON THE REVENUE ADMINISTRATION OF U. P. FOR THE REVENUE YEAR ENDING SEPTEMBER 30, 1954

READ:

(i) Reports for 1953-54 by the Land Reforms Commissioner on:
(a) Agricultural conditions;
(b) Land Reforms;
(c) Land Records;
(d) Land Revenue collections and Agricultural Income-tax;
(e) Survey and Settlements;
(f) Other non-judicial matters in connection with the Revenue Administration;

(ii) Report for 1953-54 by the Board of Revenue on:
(a) Revenue Litigation; and
(b) Debts; and

(iii) Report for 1953-54 by the Director Consolidation of Holdings on:
(a) Consolidations of Holdings.

I. Observations—Rainfall—In most of the months from October to November, 1953, were rainless. The winter rain (from December 1953 to March, 1954) was on the whole satisfactory throughout the State, except in the districts of Mirzapur, Ballia, Gorakhpur, Deoria, Jaunpur and Pratapgarh where it was slightly below normal. It was, however, accompanied by severe hailstorms, the worst affected districts being Bänaras, Bijnor and Jaunpur. The usual dry months of April and May remained rainless. Rainfall during June all over the State was in large deficiency being about 55 per cent below normal. The regular monsoon broke this year in the second week of July, but the rainfall was neither uniform nor consistent nor evenly distributed throughout the State; while it was deficient in some parts of the western districts, it was wide-spread and heavy in the eastern districts, swelled by a ceaseless down-pour in the last week of July and in the month of August the rivers Ganges, Ram, Ban Gauga, Kaimai, Rohini, Barigandak, etc., swept over a wide tract causing wide-spread damage to
crops and house property in the eastern parts of the State, particularly
in the districts of Deoria, Gorakhpur, Basti, Azamgarh, Kheri, Bara
Banki, Sitapur, Bahraich and Jhansi. During September there
were light to moderate rains in a large number of districts and heavy
rains in a few districts, particularly in the eastern parts of the State.

2. Cultivated and Irrigated Areas—Due to more resignations
rendered by patwaris throughout the State, regular Khatri, [Rabi and
Zaid] partials could not be carried out during the year under note, viz.
1360 Fasli, hence the statistics relating to cultivated and irrigated
areas could not be collected by the District authorities.

3. Natural Calamities and Measures undertaken to Relieve the
Distress—(A) Hailstorm—There were good winter rains in the begin¬
ing of the year 1954 throughout the State which proved benefi¬
cial to standing crops. At a few places, however, showers of rain
were unfortunately accompanied by hailstorms. The worst affected
districts in this respect were Bijnor, Banaras, Jhansi, Saharanpur and
Azamgarh.

(B) Floods—The monsoon this year started rather late. As al¬
ready stated earlier, several rivers in the eastern part of the State,
viz. Ghagra, Rapti, Banganga, Kaama, Rohin, Bari Gandak, etc.,
oflowed their banks causing widespread damage to crops and house
properties in the eastern parts of the State, particularly in the districts
of Deoria, Gorakhpur, Basti, Gonda, Azamgarh, Kheri, Bara Banki,
Sitapur, Bahraich and Jhansi. Though floods are an annual pheno¬
menon in these parts of the State and people are not un-acustomed to
them, the abnormal feature of the floods during 1954 was that almost
all the main rivers swelled suddenly after the outbreak of monsoon.
The protective embankments failed in several places to resist the
outrush of flood waters giving way, allowing the water to spread far
and wide.

(C) Drought—Extensive areas in this State were severely affected
by drought particularly in the districts of Mirzapur, Banaras, and
parts of district Jaunpur. In some districts while parts suffered from
floods due to abnormally heavy rains up the streams, the uplands
suffered from drought. Due to partial failure of crops scarcity con¬
ditions also appeared in some areas of the hill districts of Almora,
Garhwal and Tehri-Garhwal.

4. Relief—To combat these calamities, the State Government
sanctioned the following relief in the shape of gratuitous relief, takawi,
remissions and suspensions in rent and revenue :

(a) Gratuitous Relief :

<table>
<thead>
<tr>
<th></th>
<th>Rs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) To hail-stricken people</td>
<td>40,500</td>
</tr>
<tr>
<td>(2) To flood-stricken people</td>
<td>4,97,500</td>
</tr>
<tr>
<td>(3) To drought-stricken people</td>
<td>1,09,200</td>
</tr>
</tbody>
</table>

(b) Takawi :

<table>
<thead>
<tr>
<th></th>
<th>Rs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) To flood-stricken people</td>
<td>50,00,000</td>
</tr>
</tbody>
</table>

Besides the above relief, the State Government also sanctioned a
sum of Rs.30,43,000 and Rs.3,94,000 respectively for starting test and
relief works in flood and drought affected areas of the State.

(c) Remissions and Suspensions :

The State Government also sanctioned relief in the shape of
remissions and suspensions of land revenue as follows :

<table>
<thead>
<tr>
<th></th>
<th>Kharif 1361 F</th>
<th>Rabi 1361 F</th>
</tr>
</thead>
<tbody>
<tr>

<td>14,64,748</td>
</tr>
<tr>
<td>Suspensions</td>
<td>19,75,065</td>
<td>3,218</td>
</tr>
</tbody>
</table>
6. Locust—Besides the above calamities, some loss to the crops was also caused on account of locust visitations which fortunately were not on a mass scale. On account of the timely action by the plant protection and revenue staff, however, the loss to the standing crops was to extent of Rs. 25,000 only excluding the loss caused to trees on account of defoliation.

5. Relief on account of deposit of sand—A sum of Rs. 8,300 was sanctioned as remission in Land Revenue on account of deposit of sand during Kharif 1954-55 in Allahabad District.

7. Land Reforms—(a) Areas to which the Uttar Pradesh Zamindari Abolition and Land Reforms Act was applied and enforced during the Revenue Year 1953-54—During the year under report the provisions of the Act with suitable modifications were extended to the following areas with effect from July 1, 1954:

(2) Government estates in the erstwhile Banaras State.

(3) Directly managed Government estates in the portion of district Mirzapur lying south of the Kampil Range.

(4) Estates in the erstwhile Rampur State excluding estates owned by the State Government and the land allotted to His Highness the Nawab of Rampur under article 4 of the agreement between the Governor General and the Nawab of Rampur. But further action under the Act was withheld under the orders of the High Court or Supreme Court pending decision of the writ application filed before them by the Pattadars and Thakadars of Rampur.

2. The provisions of the Act have not been extended to the districts of Almora, Garhwal and Tehri-Garhwal, the hill pattis of Naini Tal, the Terai and Bhitar Government estates, the states owned by the Central Government, State Government or any local authority, the areas held or occupied for any public purpose or work of public utility; Government estate in district Rampur and Pargana Jamora Bawan of district Dehra Dun.

8. Working of Land Management Committees—Formation of Gaon Samajes, Setting up of Land Management Committees and Steps taken for their Training—Gaon Samajes and their executives, viz., the Land Management Committees had already been formed in the previous year and had started functioning. In order that they should become fully conversant with their functions and duties, intensive training of Land Management Committees was conducted through the agency of Revenue Officers touring during the cold weather of 1953-54. Each tahsil was sub-divided into 3 parts and one part was entrusted to each of the touring Officer, viz., the Sub-Divisional Officer, the Tahsildar, and the Lekhpal. On an average, 15 centres were selected at each tahsil at which the training was imparted, and 5 of these were to be visited in the course of the tour by each touring officer. Lekhpals were required to intimate the dates of the training to the Chairman of the Land Management Committees. As a result of total of 3,580 centres were fixed for training, the training was imparted at 3,549 centres and besides members, 41,693 Chairmen were present at the training.

(b) Integration of Villages—In order to reduce the number of Gaon Samajes it was decided to integrate villages in such a way that each combination constituted a compact block, the maximum population of which did not exceed on the average, 1,000 souls, and the maximum area on the average did not exceed 1,500 acres. Villages having a population of 250 souls or less were to be integrated with larger villages. The wishes of the people were duly taken into account. Proposals in this respect were received from most of the districts during the year. These would be 66,394 Gaon Samajes instead of 90,427 as in the year under report.

(c) Preparation of Registers to be Maintained by Gaon Samajes—The Lekhpal continued to be the Secretary of the Land Management Committee. It was found that uniformity in the maintenance of the register
of property of Gaon Samajes had not been observed. It was, therefore decided to provide registers (the cost of which would be borne by the Land Management Committee) for entry of particulars of their property as well as changes, if any.

(d) Vesting of Hats, Bazars, Melas, Tanks and Ponds, etc.—Hats, bazars and melas having an annual income of Rs.2,000 or more and which were not held oftener than twice a year were handed over to the district Boards for management. On the other hand, the hats, bazars and melas having an annual income below Rs.2,000 or Rs.2,000 or more but which were held more than twice a year were vested in the Gaon Samajes for management. During the year under report, hats, bazars and melas in 21 more districts of the State were vested in the Gaon Samajes and the district Boards.

(e) Trees and Abadi Sites—Both trees as well as Abadi sites had already vested in Gaon Samajes before the commencement of the year.

(f) Progress in the demarcation of waste lands and forests—Out of a total area of 10,37,871 acres of forests and 12,14,435 acres of waste land vested in the Forest Department, 6,27,519 acres were demarcated in 24 districts during the year under report.

(g) Vesting of Roads and Pathways—Under notification no. 21/1-A—1421-52, dated January 9, 1954, all pathways (including Kachdia roads) below 6 miles in length were vested in the Gaon Samajes with the exception of a few which were not vested and were proposed to be handed over to the Local Bodies for maintenance.

(h) Vesting of Wells, Tanks, Fisheries and Water Channels—Vesting of these had taken place in the previous year. During the year under report no tanks were handed over to the Fisheries or the Animal Husbandry Department for maintenance and management.

(i) Vesting of Private Ferries—All private ferries yielding an annual income of less than Rs.2,000 except those which have been made over to the Forest Department, were vested in the Gaon Samajes. Private ferries yielding an annual income of Rs.2,000 or over were made over to the district Boards for management.

(j) Vesting in the Urban Local Authorities—Government, by the issue of a notification under section 117-A of the U. P. Zamindari Abolition and Land Reforms Act, 1950, vested in the Municipal Boards, Town Areas and Notified Areas, for the purpose of management and settlement, the land and other properties of the erstwhile zamindars, falling in villages lying wholly or partly within the limits of these urban local authorities.

(k) Planned Utilization of Land—With a view not to deprive the village communities of the natural benefits they are entitled to receive from the common property in the village, it was decided that in villages in which the uncultivated area was 10 per cent or less of the total area of the village, the entire uncultivated area should be reserved for planned use, i.e. for fuel plantation, fruit orchards, pastures, compost pits, etc., and the Land Management Committee should in no circumstances let out the same. Where, however, the uncultivated land in a village exceeds 10 per cent of the total area of the village only that much of the uncultivated land which is in excess of the 10 per cent of the total area of village and is cultivable or capable of cultivation can be let out by the Land Management Committee and the rest was to be utilized for common purposes. No limitation about the planned use of land was, however, imposed in those parts of the Jhansi Division and the portion of Mirzapur District, south of Kaimur Range, where Hurdure System of cultivation is in force.

Demarcation of land for planned use was, until the end of the year, completed in a total of 59,149 villages in the State. The total uncultivated area of these villages was 85,77,023 acres. Out of this 6,86,305 acres were included in abadi, 1,77,142 in cremation or burial grounds, 55,978 in threshing floors, 3,85,737 in roads and pathways and 13,41,979 in ponds and tanks. The uncultivated areas available for planned uses and lettings was thus 59,29,887 acres. Out of this 27,18,040 acres have been reserved for planned use and the area now left for letting is 192,14,827 acres.
9. Progress in the preparation of Zamindari Abolition Compensation Statements and payment of Compensation—(i) There were 2,77,705 
muhabals as against 2,70,529 muhabals reported in the previous year, the 
increase being due mainly to the application of the Zamindari Abolition 
and Land Reforms Act, 1950, to some more areas for which draft 
compensation assessment rolls were to be prepared and released for 
options.

(ii) Draft rolls numbering 17,40,352 in respect of 32,399 muhabals 
were prepared and released for objections during the year under report. 
The progressive total of draft rolls released for objections and of muhabals 
to which they pertained was 67,45,627 and 2,76,774 respectively.

(iii) The provisional compensation in respect of 17,40,352 rolls aforesaid 
was approximately Rs.12.98, crores which brings the progressive total to Rs.68,43 crores.

(iv) During the year under report the work relating to finalization 
of the draft rolls was commenced and out of the aforesaid draft rolls, 
the number of the rolls finalized after hearing and deciding the objection 
was 44,87,181.

(v) Payment of compensation in cash.

(1) Interim compensation—During the year under report—

(i) 1,57,624 applications were received.

(ii) 1,87,338 applications (including some pending applications 
of the previous year) were disposed of: and

(iii) The amount paid was Rs.2,81,24,184.

The progressive totals in respect of the above three items come to 
2,84,492 and 2,71,368 and Rs.4.59 crores approximately respectively.

(2) Final compensation in cash, i.e. amounts of compensation 
ot covered by bonds—payment of final compensation as a result 
of finalization of draft rolls was commenced from January 1, 
1954. The amount of compensation paid in cash, as the same was 
not covered by bonds, during the year under report was 
Rs.1,18,28,314.

(vi) Issue Z. A. C. Bonds by the Public Debt Office, Lucknow. 
An important event of the year under report was the opening 
of a Public Debt Office of the Reserve Bank of India at Lucknow 
on March 17, 1954. By the end of the year in question the 
Public Debt Office issued 1,14,815 pieces of bonds of 
different denominations worth Rs.4,37,47,550.

(vii) Distribution of bonds in the districts—Out of the bonds 
aforesaid issued by the Public Debt Office 86,572 pieces of 
bonds Rs.5,00,68,900 were received in the districts out of which 
29,601 pieces worth Rs.1,68,33,100 were distributed 
to the ex-intermediaries.

In the year under report the scale for the payment of interim annuities 
was raised from 2/3rd of the net assets to 3/4th of the same in respect 
of Waqfs, trusts and endowments for religious and charitable pur-
pose. Interim annuities were formerly paid in one instalment which 
arrangement was found to be inconvenient. It was, therefore, decided 
to pay interim annuities in two instalments payable on the 1st of 
January and 1st of July. During the year under report a sum of 
Rs.27,00,786 was paid in cash as interim annuity. The total amount 
of annuity paid up to the end of the year under report was Rs.36,71,890.

10. Consolidation of Holdings—The Scheme of Consolidation was 
started in two tahsils—Kairana and Musafirkhana of district Muzaf-
farangar and Sultanpur respectively with effect from April 1, 1954. 
The total cultivated area of tahsil Kairana is 1,78,342 acres and that of 
tahsil Musafirkhana 1,00,301 acres. The total number of villages under 
consolidation operations in tahsil Kairana is 323 and that in Musafir-
khana 360. The Total number of plots in these two tahsils is 3,01,745 
and 3,92,262 respectively.

The Scheme was hailed enthusiastically by the cultivators in 
Muzafarangar district. However, in district Sultanpur there was
slight opposition in the beginning but later on the cultivators extended their full cooperation. In the period of six months (out of which four were monsoon months) available during the year under report the bulk of the mistakes in the land records were removed.

11. Holdings Area—On account of the non-preparation of Khatuwa for 1361 Fasli, the position relating to the Holdings Statistics remained the same as last year.

12. Land Records—Consequent on mass resignation of Patwaris and appointment of substitutes in their place the percentage of qualified Lekhpals fell considerably. As trained candidates came out of the Lekhpal Schools, there was slight improvement and the percentage of qualified hands rose from 37.4 in the preceding year to 40.9 in the year under report. The percentage of resident Lekhpals rose from 21.8 in the preceding year to 34.9 during the year under report. The percentage of non-resident Lekhpals fell from 77.3 to 64.1 while the percentage of Lekhpals exempted from the obligation of residence was 1.3 as against 0.9 in the preceding year.

2. There were 10 Lekhpal Schools in the State during the year under report. The number of regular candidates who appeared at the Final Lekhpal School Examination held in 1954 was 427 as against 877 in the preceding year and the percentage of passed candidates this year was 62.7 as against 86.2 in the preceding year. The number of failed candidates who applied for re-examination of answer-books was 31. Answer books were scrutinized by the Assistant Director of Land Records but no candidate passed as a result of the re-examination. The reasons for low admissions to the Lekhpal Schools is in the main attributable to the appointment of a number of persons as Lekhpals in the emergency created by the mass resignations of Patwaris who would otherwise have joined the schools.

3. There was an acute shortage of trained Supervisor Kanungos, on account of large number of deputation. To meet this shortage, 42 outsiders were selected by means of a competitive examination conducted by the Public Service Commission and 40 Lekhpals were admitted to the Kanungo Training School, Hardoi. Out of these, 41 outsiders and 39 Lekhpals passed the final examination. One outside candidate failed while one Lekhpal candidate could not take up the examination on account of an accident.

4. The village maps can at best be said to be generally in a satisfactory condition except in the permanently settled tracts and areas subjected to numerous changes on account of various Planning Schemes, gifts of land under the Bhooon Yagana Act, and new land having been brought under cultivation. Action for the replacement of unserviceable maps, where necessary, was taken.

5. The land records work which has been deteriorating in the past years on account of continued attendance of Patwaris at tahsil headquarters in connection with the preparation of Zimindari Abolition Compensation statements and the employment of unserviceable and inexperienced Lekhpals in the vacancy caused by the resignation of Patwaris can show improvement only if Lekhpals and Supervisor Kanungos are not saddled with extra duties for a series of years. For the first time the work was done according to the programme in the year under report. A State-wide Correction Drive was launched as a result of which a very large number of errors and omissions and disputed entries were corrected. The number of mistakes detected was 29 lakhs (round) and those corrected within the year were 8 lakhs (round). In furtherance of this object, a concerted drive for the verification of khatubias was again launched along with the Kharif partial of 1362 F. This drive proved effective in improving the records.

6. The rules in Parts III to X of the Land Records Manual have been sanctioned and sent to the press for printing and distribution. The service rules of the Land Records Staff are under consideration and will be sanctioned shortly.

7. The Assistant Director of Land Records toured extensively and made useful suggestions.

13. Machinery for the collection of Government Dues—The Seasonal Land Revenue Scheme was replaced by the Scheme of Integrated Collections with effect from Kharif 1361 F. Under the Integrated Collection Scheme all the different agencies for collection of land
revenue, irrigation dues, takavi, etc., have been integrated into one and more than Rs. 27 crores had to be collected during the year under report on account of the demand for land revenue and canal dues only. In addition, the staff under the Scheme had to collect more than Rs. 2 crores of rupees of takavis, arrears of central income tax, central and State excise dues, etc. The cost of collection through the Integrated Collection Scheme works out at 4-6 per cent of the demand as against 5-5 per cent under the Land Revenue Collection Scheme. It was, therefore, possible to effect not only substantial economy under the Integrated Scheme but it also provided employment to the staff for all the year round.

14. Gross Demand.—(A) Land Revenue.—The gross demand of land revenue for the year under report both for Zamindari Abolition and non-Zamindari Abolition areas, was Rs. 20-78 crores as against Rs. 19-18 crores of the previous year. The reasons for the increase in the gross demand of land revenue were, firstly, the assessment of land revenue on the erstwhile revenue free holdings; secondly the determination of land revenue in respect of areas in enclaves; south of the Kaimur Range, and erstwhile Banaras State, and thirdly merger of local rate in land revenue.

Out of the total demand of Rs. 20-78 crores, Rs. 20-31 crores was the Gross Demand in respect of the Zamindari Abolition area and Rs. 47-30 lakhs in respect of the non-Zamindari Abolition areas. The total collections during the year amounted to Rs. 19-66 crores of which Rs. 19-26 crores was towards the demand of Zamindari Abolition area and Rs. 39-89 lakhs towards the demand of non-Zamindari Abolition area. After deducting from the total gross demand of Rs. 20-78 crores the nominal and irrecoverable dues, the net land revenue demand for the year under report was Rs. 20-27 crores out of which Rs. 19-66 crores were collected. The percentage of collection to demand thus works out at 97% against 97-4% in the previous year.

The rental demand payable by Assanis to Gaon Samajies in Zamindari Abolition area for the year under report was Rs. 6-80 lakhs as against Rs. 6-24 lakhs in the previous year. The total rental demand payable by the tenants in the non-Zamindari Abolition area amounted to Rs. 101-72 lakhs, i.e. equal to the demand in the preceding year.

With a view to enabling the collectors to charge as many L. M. C.'s as are willing and fit to shoulder the responsibility of collecting land revenue, Government have with effect from April, 1954, delegated to all Collectors in the State to charge a L. M. C. with the duty of collecting and realising land revenue under sub-section (1) of section 276 of the Uttar Pradesh Zamindari Abolition and Land Reforms Act, 1950. As a result of this, 124 L. M. C.'s were authorized to make collections in their respective areas in the State, during the years under report. The demand expected to be collected by those L. M. C.'s was Rs. 4,28,819 and the collections actually made by them amounted to Rs. 4,28,826. The Gaon Sablias were entitled to a commission at the rate of 6% per cent of the total collections made by them.

Correction of mistakes—In all 1,73,448 mistakes were discovered in Jamabandis during collections in the year ending September 30, 1954. Out of the said number of mistakes, 1,36,911 mistakes were rectified during the year under report leaving a balance of 36,537 mistakes at the end of the year.

(B) Canal Dues—The current demand on account of occupiers rate including previous years arrears amounting to Rs. 5-11 lakhs increased from Rs. 581-04 lakhs in the previous year to 762-10 lakhs. The net demand recoverable after accounting for nominal and irrecoverable balances stood at Rs. 731-04 lakhs out of which Rs. 731-04 lakhs was collected leaving a balance of Rs. 5-20 lakhs only at the close of the year.

The demand on account of owners rate increased from Rs. 2,339 in the previous year to Rs. 12,155 in the year under review. Excluding a sum of Rs. 1,699 as nominal, the net recoverable demand came to Rs. 10,456 out of which a sum of Rs. 10,455 was collected leaving a sum of Rs. 61 uncollected at the close of the year.

(C) Takavi—A sum of Rs. 159-57 lakhs was advanced as takavi under both the Acts (Act XIX of 1883 and Act XII of 1884), as
against Rs. 115.8 lakhs in the previous year. A sum of Rs. 138.46 lakhs fell due for collection during the year out of which a sum of Rs. 30.31 lakhs was suspended and Rs. 40.57 lakhs remitted. The net demand amounted to Rs. 107.75 lakhs out of which Rs. 80.72 lakhs were collected. The collection worked out at 74.8 per cent against 88.2 per cent in the previous year. The decline in the percentage of collection was partly due to the fact that the outstanding instalment relating to pre-vesting period against ex-intermediaries were pending adjustment against the compensation and partly to the difficulties experienced in the eastern districts, which are every year visited by floods and drought.

(D) Malikana—After the abolition of Zamindari, Malikana is now collected in the non-Zamindari Abolition area only. The total Malikana demand stood at Rs. 29,617 which included Rs. 28,144 as arrears of the previous year and Rs. 1,473 as current demand. Of the current demand a sum of Rs. 1,412 has been collected leaving a balance of Rs. 61 only while the whole of the amount of arrears relating to 1359 F. is pending adjustment against the compensation payable to ex-intermediaries.

15. **Coercive Processes**—Coercive processes were issued for the collection of 5 per cent of the total demand as in the previous year. The number of processes issued showed an all-round increase of 31.86 over last year's. The writs of demand increased from 3,247 to 4,778, citations to appear from 18,772 to 35,556, warrants of arrests from 43,431 to 52,242, attachment of movable property from 18,359 to 22,532 and attachment of immovable property from 28 to 125. The number of persons actually detained was 4,695 as against 1,868 in the last year. There were 8 cases as against 4 in the previous year in which sale of immovable property took place. Out of 88 cases of attachment of holding, sales took place only in 11 cases.

16. Working of Agricultural Income Tax Act—(a) This is the seventh year of the working of the U. P. Agricultural Income Tax Act, 1948 (Act III of 1949). The Act was enforced in the merged State of Tehri-Garhwal from July 1, 1954, and it now stands applied to the whole of Uttar Pradesh. There was no change in the set up.

(b) After the coming into force of the U. P. Agricultural Income Tax (Amendment) Act, 1953, it was felt that some more changes were necessary in order to make the Act more convenient to the people concerned and to avoid unnecessary loss of income. The Act was, accordingly amended further by the U. P. Agricultural Income Tax (Amendment) Act, 1954, which came into force from July 1, 1954. It has raised the exemption limit from Rs. 3,000 to Rs. 4,200 and has abolished the super-tax and the different rates of taxes for companies and individuals. The Act also gives an option to the owners of orchards and grove-holders to get their income assessed either under section 6 (2) (a) or 6 (2) and empowers the Land Reforms Commissioner to fix suitable multiples for computing the income from groves and orchards and also for the land newly brought under cultivation.

(c) Notices for the assessment of tax relating to 1360 F. were issued in 32,133 cases and the number of assesses was 13,054. The total tax assessed and collected for the various Fasli years thus been as follows:

The main reason for low collection of tax pertaining to 1359 F. and 1360 F is that after the abolition of zamindari, the assesses...
found it difficult to pay their dues which were to be adjusted in their Zamindari Abolition compensation money. Some of the big assesses have also obtained stay orders from various courts. The U. P. Agricultural Income Tax (Amendment) Act, 1954, received the assent of the Governor in October, 1954, and as such action for the assessment and collection of tax pertaining to 1380 Fasli could not be taken at proper time.

(d) Appeals—Four hundred and ninety-six appeals were pending in the Court of the Agricultural Income Tax Commissioner. 2,554 were filed during the year under report, making total of 3,052 appeals for disposal. Out of these 1,062 appeals were decided by the Commissioner, Agricultural Income Tax, leaving a balance of 1,990 cases. The amount of tax enhanced and reduced, as a result of these appeals, was Rs. 1,744-7 and Rs. 4,16,910 respectively.

(e) Revisions—One hundred and twenty revision cases were pending in the Court of the Agricultural Income Tax Board. 424 cases were filed during the year under report making total of 544 cases for disposal. Out of these 277 cases were decided by the Board leaving a balance of 277 cases. The amount reduced and enhanced, as a result of these revisions, was Rs. 128-7 and Rs. 15,777 respectively.

(f) The annual average expenditure for the last six years comes to Rs. 2,28,025 against the average collection of Rs. 88,02,162. The cost of administration works out to be at 2.5 per cent of the tax collected.

Note—The report for the previous year contained figures relating to Fasli year, while the figures in the above report related to Revenue Year. Hence there is some variation in these figures for the two years.

17. A review of the appellate work of the Board of Revenue—The number of Judicial members who worked during the period under review was 6.

During the year under report, 5,206 appeals and revisions were filed under the U. P. Tenancy Act and the Kumaon Tenancy Rules before the Board of Revenue as against 3,154 in the previous year. Adding 11,741 cases pending at the beginning of the year, the total for disposal stood at 16,947 in the preceding year. Of these 8,805 as against 4,306 in the preceding year were disposed of leaving a balance of 8,142 cases pending at the close of the year as against 11,741 cases pending at the close of the preceding year. Of these 8,805 as against 4,306 in the preceding year were disposed of leaving a balance of 8,142 cases pending at the close of the year as against 11,741 cases pending at the close of the preceding year. The percentage of successful appeals was 8.9 as against 8.9 in the preceding year.

Institutions of appeals and revisions under the U. P. Land Revenue Act increased from 336 in the previous year to 552 during the year under report. Adding 1396 appeals and revisions including miscellaneous applications pending at the beginning of the year, as against 1,344 in the preceding year, the total for disposal stood at 1,938 as against 1,680 in the preceding year. Of these 831 as against 284 in the previous year were disposed of leaving a balance of 1,317 cases pending at the close of the year as against 1,396 cases last year.

As against 83 appeals and revisions filed under the U. P. Zamindari Abolition and Land Reforms Act, during the preceding year, 120 were filed during the year under report. Including 66 cases pending at the close of the preceding year, the total for disposal stood at 186 as against 65 in the previous year. Of these 21 cases as against 10 cases in the preceding year were disposed of leaving a balance of 165 cases at the close of the year as against 66 in the preceding year.

Only 2 cases were instituted under the Debt Act during the year under report. The 133 (revised figures) cases under the Encumbered Estate Act which were stayed under the orders of Government remained pending during the year under report also. Thus the total number of cases pending at the close of the year under review was 135.

There are now no Courts of the Honorary Assistant Collectors in existence in the State.

18. A review of the appellate work of the Commissioners—Four Commissioners worked up to July 31, 1954, 6 worked up to August 23, 1954, and thereafter 7 Commissioners worked till the end of the year under review.
The number of appeals instituted under the U. P. Tenancy Act, Kumaon Tenancy Rules and the U. P. Zamindari Abolition and Land Reforms Act during the year increased from 13,907 in the preceding year to 15,865 in the year under report. Including 19,837 (revised figures) cases pending at the beginning of the year, the total for disposal stood at 35,640 as against 34,765 in the preceding year. Of these 441 cases as against 1,145 cases last year, were disposed of by the Commissioners and 14,289 cases by the Additional Commissioners as against 13,402 during the preceding year.

The total number of appeals decided by Subordinate Courts stood at 71,675 as against 99,206 last year. The percentage of cases, which were remanded or in which the orders of the lower courts were reversed or modified, was 32.7 as against 37.9 in the preceding year.

The number of appeals instituted before the Commissioners under the U. P. Land Revenue Act increased from 1,098 to 3,519 in the year under review. Adding 1,043 (revised figures) cases pending from the last year, the total for disposal stood at 4,562 as against 1,782 in the preceding year. Of these 1,577 appeals as against 846 in the preceding year were disposed of leaving a balance of 2,985 cases pending at the close of the year as against 1,043 (revised figures) last year.

Five appeals as against 1 during the preceding year under the U. P. Encumbered Estates Act were instituted before the Commissioners during the year under report. Adding 93 appeals pending at the commencement of the year, the total for disposal stood at 98. Only 1 appeal was disposed of during the year under review leaving a balance of 97 appeals at the close of the year.

19. Review on the quality of the work and quantity of outturn of cases under the U. P. Tenancy Act and the U. P. Land Revenue Act by the District Courts and the effect of Rules 4 and 5 of the Zamindari Abolition and Land Reforms Rules and section 342 of the Zamindari Abolition Act on original and appellate Work—The number of suits and applications instituted under the Tenancy Act decreased from 208 lakhs in the preceding year to 149 lakhs in the year under review. With 0.83 lakhs cases pending in the beginning of the year, the total for disposal stood at 233 lakhs as against 321 lakhs in the preceding year. The number of cases disposed of by the Collectors and Assistant Collectors 1st and 2nd class was 190 lakhs as against 247 lakhs in the preceding year leaving a balance of 0.43 lakhs only.

The number of applications for execution of decrees filed during the year under report decreased from 04.900 in the previous year to 43,902. Including 17,148 cases pending at the beginning of the year, the total for disposal stood at 61,050 as against 75,089 during the preceding year of which 48,598 were disposed of leaving a balance of 12,462 cases pending at the close of the year.

The total amount involved in the applications for execution of decrees decided during the year decreased from Rs.55,01,954 in the preceding year to Rs.53,71,081. An amount of Rs.21,04,715 representing 40.15 per cent of the decreetal amount as against 36.9 per cent in the preceding year was realized.

The total for disposal of applications filed under sections 33, 34, 39 and 41 of the U. P. Land Revenue Act stood at 3,35,480 out of which 2,37,202 applications were disposed of.

The number of appeals filed before the Collectors under the U. P. Tenancy Act decreased from 2,060 in the preceding year to 1,713 during the year under report. The total number of applications for disposal stood at 2,464 as against 3,422 in the preceding year of which 1,834 as against 2,071 of the preceding year were decided.

The number of appeals filed before the District Judge under the U. P. Tenancy Act increased from 998 in the preceding year to 1,123 in the year under review. The total for disposal stood at 1,748 including 683 (revised figures) appeals pending at the beginning of the year. Out of it 1,108 appeals as against 966 last year were disposed of.
A total number of 7,235 appeals as against 1,279 last year were filed before the Collectors under the U. P. Land Revenue Act. The total for disposal stood at 1,750 out of which 953 appeals were disposed of.

In 46.8 per cent of the appeals disposed of in Collector's Courts under the U. P. Tenancy Act, the orders were modified reversed or remanded. In the appeals disposed of by Commissioners and Additional Commissioners under the U. P. Tenancy Act orders were reversed, modified or remanded in about 52.7 per cent of the appeals. This depicts a satisfactory picture and, on the whole, the quality of the work of Courts under the U. P. Tenancy Act was satisfactory.

As a result of rules 4 and 5 of the Uttar Pradesh Zamindari Abolition and Land Reforms Rules 1952, the ejectment cases instituted by the ex-intermediaries in respect of land in which they did not possess chakrabesi rights or of which they were not grove-holders were stayed and abated.

Including 0.35 lakhs applications filed under sections 29 and 33 (read with section 73) of the Uttar Pradesh Zamindari Abolition and Land Reforms Act, 1950, pending at the beginning of the year, the total for disposal stood at 2,900 lakhs as against 1,910 lakhs in the preceding year, of which 1,944 lakhs were disposed of. The number of applications instituted under sections 230 and 232 of the Act during the year under report stood at 0.12 lakhs as against 0.08 during the preceding year. In the cases disposed of in the beginning of the year, the total for disposal stood at 0.15 lakhs of which 0.11 lakhs were disposed of. The total number of applications under sections 234 during the year was 0.34 and including 0.05 pending in the beginning of the year the total at 1.039 of which 0.42 were disposed of.

20. Land Acquisition—The areas acquired permanently and temporarily under the Land Acquisition Act, during the year under report were 26,600 and 2,216 acres respectively, the total being 28,816 acres as against 20,089 acres in the preceding year. The amount of compensation paid was Rs.38.42 lakhs as against Rs.27.75 lakhs in the previous year.

21. Debt Legislations—(i) U. P. Encumbered Estates Act, 1934—No application was filed under section 4(3) during the year under report.

The total number of cases pending disposal with the Collectors at the beginning of the year was 1,073 involving an amount of Rs.6.95 crores. Six cases involving an amount of Rs.36.5 lakhs were recovered from the Special Judges for execution of decrees under the Act as against two cases last year. As the proceedings in the cases were stayed up to August 31, 1954, no case could be disposed of by the Collectors and all the 1,073 cases involving an amount of Rs.7.60 crores remained pending at the close of the year under report.

The total amount to be recovered from the debtor-landlords on account of instalment of principal and interest during the year was Rs.31.78 (revised figures). On account of the arrears of the previous year, out of this an amount of Rs.17.79 (including Rs.5.5 thousand collected in advance), was collected, leaving a balance of Rs.52.40 lakhs at the close of the year.

Ninety-three appeals were pending at the beginning of the year and five appeals were filed during the year under report as against one appeal last year. Out of the total of 98 appeals only one was disposed of, leaving a balance of 97 appeals at the close of the year.

The cases of liquidation of decrees under the Act remained stayed till August 31, 1954. The distribution of bonds also remained stayed except in the cases in which these were delivered under the orders of Government. The Act was amended during the year and the execution proceedings have started.

(ii) Usurious Loans Act—One hundred and forty-four cases were filed during the year. Adding 105 cases pending at the beginning of the year, the total for disposal stood at 249. Out of these 148 cases were disposed of, leaving a balance of 101 cases pending at the close of the year under report. Out of 148 cases disposed of during the year, the
rate of interest was reduced in 8 cases, 1 case was rejected under section 6 and the remaining 139 were disposed of otherwise.

(iii) **U. P. Agriculturists Relief Act, 1934**—At the beginning of the year 426 (revised figures) cases were pending for disposal. 174 cases involving an amount of Rs.65 lakhs were filed during the year, raising the total for disposal to 606 involving an amount of Rs.17.99 lakhs during the year under report as against 2,039 cases involving an amount of Rs.20.61 lakhs last year. Out of these 460 cases involving an amount of Rs.31 lakhs were disposed of as against 1,614 cases covering a debt of Rs.9.29 lakhs last year. The balance at the close of the year under report was 140 cases involving an amount of Rs.15.27 lakhs. Out of 460 cases decided during the year under report 9 cases related to fixation of instalments and 22 cases, to suits for accounts.

(iv) **The U. P. Debt Redemption Act, 1940**—This is the 13th year of the working of this Act. A total number of 159 cases involving an amount of Rs.1.08 Lakhs were filed under this Act during the year under report as against 229 cases involving an amount of Rs.2.06 lakhs last year. Adding 408 cases involving an amount of Rs.15.31 lakhs pending from the last year the total for disposal stood at 955 involving an amount of Rs.17.99 lakhs during the year under report. 208 cases involving an amount of Rs.2.55 lakhs were disposed of during the year, leaving a balance of 747 cases involving an amount of Rs.14.44 lakhs pending at the close of the year under report. Out of 29 cases instituted under section 7 of the Act of redemption of mortgage or for accounts none was disposed of during the year. 11 cases were filed for amendment of decree under section 8 and 18 such cases (including the cases filed last year were disposed of. 97 decrees involving an amount of Rs.1.01 lakhs were received from Civil Courts for execution against land under section 16 of the Act out of which 37 decrees involving an amount of Rs.0.22 lakhs were executed as shown below:

(a) Thirty five decrees by sale of land at the request of the agriculturists.
(b) Two decrees by grant of self-liquidating mortgages of protected land.

Out of the 22 applications filed under section 17 before the Collectors for redemption of mortgages, redemptions were granted in 24 applications (including those pending from the last year) and 106 applications were either rejected or disposed of otherwise.

(v) **The U. P. Regulation of Agricultural Credit Act**—Two thousand, seven hundred and seventy nine applications were filed under the Act during the year and adding 248 applications pending from the last year, the total for disposal stood at 3,027 during the year under report. Out of these 2,923 cases were disposed of leaving a balance of 103 cases pending at the close of the year. Out of the disposed of cases 2,923 were filed under section 24 and the remaining one under section 14 (b) of the Act.

(vi) **Duddhi Robertsganj (district Mirzapur) Agriculturists Debt Relief Act**—The provisions of this Act were given wide publicity under the instructions of the U. P. Board of Revenue. No case was, however, filed under the Act during the year under report. The provisions of the Uttar Pradesh Zamindari Abolition and Land Reforms Act have now been enforced in these areas.

(vii) **General**—The Debt Acts continued to reduce the burden of Agriculturists and their exploitation by money lenders has practically vanished. In short, the Debt Acts have served the purpose for which they were enacted. Rural Credit has, however, been restricted considerably.

22. **Revenue Buildings**—The condition of Revenue Buildings in the Pradesh during the year under report was on the whole as satisfactory as could be expected under the circumstances. Much has to be done to improve their condition. Many buildings require alterations and many others additions in order to meet the requirements of largely enlarged staff working these days. There are some which require renovation to make them safe and quite a few require complete replacement. The Kucheha and irreparable buildings of the merged and integrated States were demolished and the rest were repaired to make them habitable.
Construction of new major and minor works were again considerably curtailed due to paucity of funds. The Collectorate buildings at Deoria, Sub-Divisional Magistrate building, Uttar Kashi, Chaprauli house at Uttar Kasauli and new room for the double lock at Lansdowne District Garhwal were however completed. The electrification of Collectorate buildings at Janjapur, Deoria, Umari, Gonda, Etawah, Kheri, and Etah has also been approved and the works are in progress. A sum of Rs. 1,53,000 was spent on original works including reconstructions and extensions and an amount of Rs. 4,44,000 on repairs.

The dearth of residential and office accommodation due to increase in offices and staff both in districts and tehsils continued as before. While little could be done by Government to remove the shortage of residential accommodation due to paucity of funds, some work was done towards the construction of residential quarters in certain districts by the Local Bodies and private enterprise. Some buildings were hired and extensions in the existing buildings were made in some places to relieve congestion in the offices. A Scheme for extensions to remove the congestion in tehsils and Collectorate buildings in the State has been approved by Government. It is to be spread over a period of 8 to 10 years in respect of Collectorate buildings and over 3 to 4 years in respect of tehsil buildings. The Scheme for extension of tehsil buildings is already in hand and the work of extensions in the Collectorate buildings will be taken up from the financial year 1955-56.

Steps were also taken to improve the condition of roads in the Court compounds of the District and Sub-Divisional Officer and to provide Hawalatis in some Districts. A visitors shed and a Hawalati have been constructed at Banaras and at Lucknow respectively.

23. Survey settlement and Record operations—(a) No settlement or revisions operations were carried out in any part of the State during the year under report.

(b) Survey and record operations—These operations were either in progress or were declared closed during the year under report in the districts noted below and the progress made in each district was as follows:

(i) District Tehri-Garhwal—The winding up of record operations in this district continued during the year under report. The total expenditure for the year was Rs. 84,833-3-3 and 908 cases of disputes and 1,962 mutation cases were disposed of.

(ii) District Naini Tal—Survey and record operations in the colonization area of this District remained in progress during the year under report. 24 more villages of disforested area were also notified under section 48 of the U. P. Land Revenue Act to be under survey and Record operation. Resurvey of an area of 72,337 acres was completed during the year under report. 636 cases were instituted out of which 222 were disposed of. Two appeals were also filed but were not decided till the end of the year. The total expenditure incurred during the year amounted to Rs. 70,658.

(iii) District Basti—Eighty alluvial villages in tehsil Basti, Khalilabad and Harraiya of this District were placed under survey and record operations during the year under review. Resurvey was carried out in 24 villages comprising an area of 15,361 acres and map correction was done in 15 villages with an area of 2,225 acres. The total expenditure during the year was Rs. 17,049.

During the course of partial and attestation of Khatauni slips 2,510 disputes were registered of which 2,493 were disposed of leaving a balance of 17 cases at the close of the year.

(iv) District Kheri—Out of 402 villages of Tahsil Nihman of this District 121 villages were placed under survey and record operations. Regarding the remaining villages of this Tahsil, it was decided that map correction followed by special partial should be carried out. Later on during the course of record operations, it was found that regular survey operations were necessary in 18 more villages. These villages were therefore, also placed under survey and record operations during the year.
under report. Survey work in all the villages comprising an area of 1,62,825 acres was completed during the year, and an expenditure of Rs. 82,330-5-9 was incurred.

Seven hundred and ten regular cases of correction of Khatamis were filed out of which, 635 were decided leaving a balance of 67 cases at the close of the year. 51,677 disputes were decided on the spot.

24. Mutations—The total number of changes affected in proprietary right in the areas to which Zamindari Abolition and Land Reforms Act does not apply stood at 19,773 as against 25,932 in the preceding year excluding transfers effected under orders of Courts. Changes were effected in 459 cases under the orders of Court, 9,938 cases by private transfers, and in 9,212 cases by succession as against 930, 5,883 and 18,478 respectively in the preceding year. There were 60 mortgage cases as against 98 in the preceding year. Changes were also effected in 68 cases on account of redemption of mortgage as against 174 in the previous year. There were 1,456 cases of other transfers as against 1,317 to the preceding year.

As regards the areas to which Zamindari Abolition and Land Reforms Act applies, changes were effected in 60,815 cases as against 29,803 in the preceding year. Changes were made in 904 cases under orders of Court and in 38,770 cases by private transfers as against 439 and 16,612 in the preceding year. There appears to be a general tendency on the part of non-agriculturists small ex-intermediaries who live in urban areas to dispose of their small air and Bhumihari holdings in rural areas, which are uneconomical to them. There is also an irresistible temptation to sell such land in view of high market value of cultivable land. Slight depression in the price level of agricultural commodities has also been responsible for the transfer of newly acquired Bhumihiari right in some cases. Changes were effected in 21,461 other cases as against 12,803 in the preceding year. In the latter cases the increase may be attributed to the fact that in 1860 Fasli due to pre-occupation of Lekhpals with the preparation of Zamindari Abolition Compensation statements, no Khatamis were prepared nor was any report done except in those villages in which crop cutting experiments were carried out. In 1960 Fasli when new Khatamis were prepared a large number of changes due to deaths and transfers were effected.

25. Partitions—At the beginning of the year under report, 232 cases of perfect partitions were pending for disposal in the areas to which the U. P. Zamindari Abolition and Land Reforms Act does not apply. In addition to this 346 application were filed in Khansa Division where the partition proceedings are still in progress. Thus the total number of perfect partition cases pending for the disposal during the year under report was 578. Out of these, 342 cases were disposed of leaving a balance of 236 cases pending at the close of the year.

Sixty-three imperfect partition cases were pending at the beginning of the year and the number of institutions during the year was 17, leaving a total of 80 cases for disposal during the year under report. Out of these 10 cases were disposed of, leaving a balance of 61 cases at the close of the year.

26. The Governor has much pleasure in recording his appreciation of the services rendered by the Land Reforms Commissioner, the Board of Revenue, the Director of Consolidation of Holdings and the District Officers and District Staff.

ORDERED—That a copy of this resolution be forwarded to the Land Reforms Commissioner, Uttar Pradesh, for information.

ORDERED—Also that a copy of this resolution be forwarded to the Administrative Member, Board of Revenue, for the information of the Board.

ORDERED—Also that a copy of this resolution be forwarded to the Director of Consolidation of Holdings for information.

ORDERED—Also that this resolution be published in the Uttar Pradesh Gazette.

By order,

ZAHURUL HASAN,
Secretary.
RESOLUTION
December 28, 1955

Under paragraph 3 of Government Resolution no. 2149-B/IX-40-B(l)-52, dated July 5, 1952, the District Board of Mirzapur was superseded for a period of two years with effect from July 7, 1952. The period was further extended up to December 31, 1955. The Governor does not consider it desirable in public interest to reconstitute the Board at present and accordingly is pleased to direct under section 169 of the U. P. District Boards Act, 1922 (Act X of 1922) read with section 21 of the U. P. General Clauses Act, 1904 (U.P. Act I of 1904), that the period of supersession of the said Board be further extended up to June 30, 1956.

2. The Governor is further pleased to direct under section 171(a) of the U. P. District Boards Act, that the District Magistrate of Mirzapur and Sri Ramesh Chandra Jain, I.A.S., who have been appointed respectively as the Administrator and Officer in charge of the superseded District Board, Mirzapur under notification no. 2689-B.IX—40-B(9)-52, dated August 7, 1952, and no. 2677-B.IX—40-B(9)-52, dated September 1, 1954, respectively, shall each continue to exercise and perform the powers and duties of the Board:

Order
Ordered that the resolution be published in the Gazette.
Ordered also that copies of the resolution be forwarded to—
(i) The Commissioner, Banaras-Division, Banaras, for information.
(ii) The District Magistrate, Mirzapur for information and necessary action.
(iii) The Officer in charge, District Board, Mirzapur for information and necessary action.
(iv) The Appointment, (A) Department of the Secretariat, for information and necessary action.

By order,

J. N. UGRA, Secretary.
